JOSIAH'S MILL

Josiah Harder was a practical business man — almost two centuries ago. So he built his mill down by the stream.

Josiah's Mill would have been closer to his customers if he had built it along the turnpike, or at the main cross-roads.

But Josiah built down by the stream . . . and the stream turned the wheel of his mill.

BUILD WHERE THE POWER IS!
That was the secret of Josiah's success.

But it's really no secret. For centuries our Churches have been teaching men to build their lives close to God, the Source of All Power. The force of Christian truth, when it flows into our lives, crowns the honest industry of men with joy and success.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
