Stock Market
New York, April 21 (AP)—Radio-television shares took over their familiar spot as the market's leaders today.
The main body of stocks made a little headway in the face of heavy opposition, with gains limited to fractions for the most part. Selected TV issues ran up one to around three points.
A number of low-priced stocks made a showing, as well as a couple of shares affected by special developments.
Trading was heavy from start to finish. Turnover hit a rate of close to 3,000,000 shares for the full session.
The market surged ahead around midday, paced by the volatile TV division. Large-scale profit-taking later lopped off the widest gains.
Western Union was again in demand following yesterday's jump of 3¾ points to 27½.
