LIGHT OF LIFE

The light that shines in a proud mother's eyes is more beautiful than the gleam of the rarest jewel or the radiance of the brightest star.

It mirrors the mystery and glory of life, the hopes and faith and dreams of parenthood. It suffuses her face with the joy of possession and the consciousness of being part of the great unbroken chain of human existence.

All true parents want their children to make the best of life; to avoid its pitfalls, to master its obstacles, to achieve its successes. They want them to be good citizens and just and honorable men and women.

The little baby boy in the picture will be reared with the tenderest care, and will be taught knowledges and skills as he grows in years and in understanding.

But the great truths of religion and spiritual living must be made the groundwork of his training if he is to attain life's highest possibilities.

So this beautiful mother must turn to God and the Church and the Scriptures for guidance in training her child to live.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
