Tom Rock Fire Now Controlled

Lyons—Considerable excitement was caused in Lyons Sunday when the Mt. Jefferson Lumber company blew the fire whistle at the mill calling volunteers as well as their woods crew to go and fight fire at Tom Rock which is located south of Mill City, up from the old Crabtree logging southeast of Lyons.

The fire, which covers approximately 30 acres, is now under control and fighters are holding their own with it. Fighting is very hazardous due to the steep

hills which the fire covers. Crews made up of employees from Mt. Jefferson, Ericile Wilson Logging company, of Me-hama, Western Woods of Lebanon and the forest service. The fire has not extended into the holdings of any of these companies but a strong wind would scatter it from the government land to their timber.

Industry Teams Up with Youth in 4-H Program

Chicago, Sept. 21—Ten years ago only a handful of industrial concerns were supporting 4-H club work nationally. Today—through the national committee on boys and girls club work—nearly 50 industries, businessmen and women are backing up their faith in two million 4-H club members with incentives valued at \$400,000 annually.

This amount is distributed for awards and leader training funds in 4-H programs which range from canning to tractor maintenance.

"The money is considered a sound investment in the nation's future by encouraging these rural boys and girls who have pledged their head, heart, hands and health to make the best better," declared Guy L. Noble, director of the national 4-H committee, a non-profit citizen's group.

"4-H youth learn by doing," he said, "and guiding their efforts are 225,000 volunteer club leaders who work under the direction of the extension service of the state agricultural colleges to carry out 4-H program objectives."

The teen-agers do a man-sized job in their projects, according to Noble, and by the time they reach 21 many are well on the way to becoming independent farmers, while others have substantial bank accounts.

Donors of awards include: Westinghouse Educational Foundation; Kerr Glass Manufacturing company; Spool Cotton Education bureau; Carnation company; Lederle Laboratories; Simplicity Pattern company; General Motors; Illinois Central railroad; International Harvester; Nash-Kelvinator; American Forest Products Industries; Allis-Chalmers; Montgomery Ward; Kellogg company of Battle Creek; Pure Oil company; Mrs. Charles R. Walgreen.

Also Sears-Roebuck Foundation; Edward Foss Wilson; Horace A. Moses Foundation; Thomas E. Wilson; Dearborn Motors; United States Rubber; Firestone Tire & Rubber company; Spinnery Yard company; Cudahy Packing company; General Petroleum corporation; Gene Autry and William Wrigley, Jr., company; Proctor Electric; Santa Fe Railway; Sunbeam Corporation.

Among the awards for outstanding achievements are trips to the national 4-H club congress held in Chicago. Here 1,100 state and national champions accompanied by club leaders assemble from every part of the country. They are joined by delegates from Alaska, Hawaii and Puerto Rico.

The 1950 congress will convene November 26, and for five days the rural youth will be treated to the best the Windy City has to offer in educational tours, food, entertainment and other events. During the meeting, 150 college scholarships will be presented to club members chosen for national honors.

This year a total of \$15,112 in U. S. savings bonds, and 227 watches are offered to state winners. Beautiful gold and silver medals representing 20 different projects will go to 4-H members for winning county honors.
