Fels Estate Set At \$10,000,000

Philadelphia, Sept. 21 (AP)—Samuel S. Fels, industrialist and philanthropist, left an estate of approximately \$10,000,000. This was disclosed yesterday with payment of \$950,000 in state inheritance tax, representing a tax of \$1,000,000, less five percent discount for payment within three months after death. The Pennsylvania inheritance tax is 10 percent of an estate. Fels, who died June 23 at the age of 90, was president of Fels-Naptha Soap Co. Under Fels' will, the bulk of the estate goes to the Samuel S. Fels Foundation, which he set up in 1935 for research in medicine and in government. During his lifetime, Fels reportedly gave \$40,000,000 to charitable organizations and research foundations. His gifts included establishment of the Fels planetarium at the Franklin Institute here and the laboratory at Antioch college, Yellow Springs, O., for study of children from pre-natal period to adolescence.

Yugoslavia in Line for Loan

Belgrade, Yugoslavia, Sept. 21 (AP)—Responsible western sources said Yugoslavia soon may be allowed to borrow more than \$100,000,000 from the world bank, whose president is now studying the Balkan nation's economy here. Bank head Eugene Black, has conferred with Premier Marshal Tito and other top officials. He surveyed the Yugoslav provinces today. Black would not say whether recommendations for the loan have been made to the board of directors of the world bank, of which the United States is the chief backer. Black is known to favor a substantial loan, however. Yugoslavia, hard hit by a trade boycott of Soviet satellites since it ventured on a political course independent of Russia, would use the money for mining equipment, machinery, transportation material and similar projects. Marshal Tito's government has already received a total of \$55,000,000 in U.S. advances.
