Sgt. Munson Added to Staff

Added to the staff of the Salem Army and Air Force recruiting office this week was Sgt. Robert D. Munson, veteran of nine years of service with the U.S. army.

Munson, who calls Bend, Oregon, home, came to Salem from the Second Armored division at Fort Hood, Texas. Prior to being stationed at Hood, he had spent 11 months in Iran with the U.S. Military Mission to the Iranian army.

The sergeant first entered federal service in 1940, when the Oregon National Guard was called to active duty. At that time he was a member of company I, 162nd infantry regiment, at Bend, Oregon. Munson was given a medical discharge in September, 1940, because of eye trouble but re-entered the army in 1942.

The new recruiter spent 33 months in the European theater during World War II, serving in North Africa, Sicily, Italy, France and Germany. During the time that he spent in Europe he was with a quartermaster graves registration company and the Continental Advance Section.

Munson left the service in 1945 and re-enlisted in the army in February, 1948. He first was assigned as an instructor at the quartermaster center at Camp Lee, Va., and from there went to Iran. Sgt. Munson has six campaign stars on his ETO ribbon and also has the bronze star medal.

Oregon Deer Hunters Fined

Reno, Nev., Oct. 28 (AP)—Fines of $500 each were levied against five Oregon deer hunters here yesterday. Action against a sixth was withheld, pending further investigation.

The five pleaded guilty to giving false information to obtain Nevada hunting licenses. The five were Lee Irving, president of the Rushlight Automatic Sprinkler corporation at Portland; Art Moffitt, George Mackly, Sam Nealey and J. R. Watson.

Their please were entered in justice court by Attorney Thomas O. Craven.

A complaint against W. A. Rushlight, vice-president of the corporation, was held in abeyance. District Attorney Harold Taber said he had been told that Rushlight said he had not been in Nevada recently.

Taber said that one of the hunting licenses in question bore Rushlight's name. More serious charges will follow if he finds the signature was forged, Taber said.

To Pick Queen for College Rodeo

Queen for the intercollegiate rodeo scheduled for November 4 and 5 at the state fairgrounds pavilion will be chosen at 3 o'clock Sunday afternon, October 29, the rodeo committee of Oregon State college announced Saturday.

Five finalists have been chosen from a group of 30 queen candidates. The queen will be selected on her horse riding ability.

Abilene Christian college of Abilene, Texas, has indicated it will send a team to the intercollegiate rodeo, competing along with a half dozen Pacific Coast schools.

Trailway Buses Snowbound

Bend, Ore., Oct. 28 (UP)—Two Trailways buses carrying approximately 70 persons and a state police car were reported stranded in a heavy snowstorm on the Diamond lake cutoff today. Passengers on the buses were mostly football fans returning to Prineville from the Prineville-Ashland high school game.

Youths to Get 2 Years in Army

Washington, Oct. 28 (AP) — Government manpower experts said today that most young men from 18 through 22 during the next five to ten years probably will have to spend two or three years in military service.

This, they consider the most acceptable way of meeting President Truman's request for a 3,000,000 man armed force on a permanent basis.

Requested legislation carrying some details of the plan is expected to reach congress either at the post-election session next month or the new session early next year. Congressional committee staffs already are studying the problem.

Without trying to forecast what the lawmakers will do, top manpower experts, who asked to remain anonymous, told a reporter that these moves must take place:

1. The present draft or selective service act must be overhauled on a long range basis with minimum terms of service for inductees extended from the present 21 months to at least 24 months.

2. Some power or authority must be established to assure a flow of slightly more than 1,000,000 young men a year into the regular armed forces.

3. A universal military training (UMT) program also must be set up to provide a large pool of young men with basic training who later can be organized into reserve units.

Reds File Suit to Enjoin Anti-Red Law

Washington, Oct. 28 (AP)—A group of 135 persons, including some acknowledged communists, yesterday filed suit in U.S. district court here to nullify the new anti-subversive law.

The action attacks the whole law as unconstitutional. The chief complaint is against the requirement that communist groups must register with the attorney general, and disclose their financial backing.

The court refused to accept a similar suit offered by 107 persons last Monday because it lacked the plaintiffs' street addresses.

The communist party and associated groups this week ignored the deadline set by the new law for their registration, and the justice department began work on a formal petition to the new subversives activities control board to force registration. Lengthy hearings before the board are expected.

Women Enjoy Guest Program

About 125 attended the guest day program and meeting for Salem Woman's club, Friday, when Mrs. Carl Greve of Portland was the speaker and showed colored motion pictures of her recent trip to Europe. Mrs. Ernest Sennett of Portland assisted Mrs. Greve in presentnig the picture. The travelogue included Italy, France, Switzerland, England, Ireland, Scotland and the Scandinavian countries. Mrs. Grant C. Rogers was in charge of the program for the club. Dean Melvin H. Geist of Willamette was soloist, accompanied by Mrs. Geist.

At the club's business meeting, Mrs. Frederick Leupold and Mrs. Claude Glenn reported on the recent meeting of the Marion County Federation of Women's clubs and Mrs. Robert F. Wulf gave a talk on the children's bill. Mrs. William H. Foster was welcomed as a new member. The group made plans for the club's rummage sale on November 3 and 4. Mrs. Howard Hunsaker presided at the business meeting. Miss Mirpah Blair was chairman for the tea hour. Mrs. Mervin Fidler and Mrs. Oscar I. Paulson arranging the decorations. Mrs. Ross Coppock and Mrs. Robert M. Fischer, Jr., poured.

Farmers War On Deer Hunters

Wenatchee, Oct. 28 (AP)—Some thirty farmers of the Badger Mountain area, just across the Columbia river from here, will prevent deer hunters from entering their property on the opening of the Washington state doe season November 5.

A spokesman for the farmers said yesterday deer hunters shot two Hereford bulls, a steer, and a calf in the area last Sunday, the opening of buck season.

The ranchers have banded together to block all roads to hunters on November 5, the spokesman said.

"We'll patrol the district in automobiles and on horseback to try to keep hunters off our range," he added.

"We've lost an estimated $1,400 in stock already and feel this move is necessary to prevent further loss. Only one hunter informed officers of his mistake and paid for a Hereford bull he had shot. The other animals weren't found until the meat had spoiled."

Movie Stars to Urge Voters 'To Get Out'

Washington, Oct. 28 (UP)—The AFL will sponsor a star-studded "get out the vote" radio program Monday night over a 20-state American Broadcasting Co. network.

Speakers will include Movie Stars George Jessel, Gregory Peck, Keenan Wynn and Gene Kelly. Others will be AFL President Will Green, Secretary-Treasurer George Meany and Joseph Keenan, director of the AFL political league.

Gross Income of Farmers Up, '51

Washington, Oct. 28 (AP)—The agriculture department predicted today that gross income of farmers will set a new record next year, but that their net income will fall short of the 1947 peak.

The department's bureau of agricultural economics said 1951 gross income is likely to be up at least 10 per cent from the estimated $31,800,000,000 this year.

A flat 10 per cent increase would bring the 1951 gross to about $35,000,000,000, just short of the 1948 record. But the bureau's summary stressed an increase of "at least" 10 per cent, and said outright that a new record high is expected.

Another yardstick for measuring farm prosperity—net income—was not quite so favorable.

A net income increase of 15 per cent or more over 1950 was forecast, but the bureau said it still is likely to fall short of both 1947 and 1948. This year's net income was estimated at $13,300,000,000, six per cent below 1949 and 25 per cent below the high of 1947.

Pilgrims Arrive for Pope's Proclamation

Rome, Oct. 28 (U.P.)—Pilgrims from all over the world were arriving today to hear Pope Pius XII proclaim the Roman Catholic dogma of the bodily assumption of the Virgin Mary into heaven.

Vatican officals estimated that more than 500,000 persons will fill St. Peter's basilica and its giant square when the dogma is proclaimed Wednesday.

Every hotel, pension and pilgrims' hostel was full. Hotels began doubling up their guests. Towns in a 20-mile radius put up "no rooms" signs.

The dogma will be the first proclaimed in the 20th century—the last was in 1870. The ceremony will be attended by 40 cardinals, more than 1,000 archbishops and religious delegations from all Catholic orders.

Two Graduate As Air Police

A Salem and a Silverton man were graduated today with a class of security patrol air police at Panama City, Fla.

They were Pfc. Dickie G. Hampton, son of C. D. Hampton, 1920 Kappahan road; and Pfc. William B. Robbins, son of William B. Robbins, Sr., 602 South Water street, Silverton.

Prevention of sabotage and protection against attack on United States air force bases is the duty of the air police.

For the last four weeks the young airmen, most of whom went to the school direct from basic training at Lackland air force base in Texas have been undergoing a rigid course of instruction at Tyndall air force base near Panama City.

4-H Club Tractor Project Planned

Boys of the Middle Grove, Central Howell and Hayesville communities are interested in organizing a 4-H club tractor maintenance project, and their parents are invited to a meeting set for Monday, October 30, at 8 p.m. in the basement of the Middle Grove school building.

The boys should be between the ages of 12 and 19 years and have a tractor on the farm on which they can work. It is preferred that the boy also operate the tractor. Repairs to be made by the boys, if the club is formed, will not be major ones but everyday maintenance and minor repairs.

Leader meeting with the boys Monday night will be John Cage of the Middle Grove district. Assisting him will be Bill Baldwin of Baldwin and Mount.

Reds Blamed for Alaska Ship Tie-ups

Seattle, Oct. 28 (AP) — Mayor Jack Talbot of Ketchikan blames communists, either directly or indirectly, for many of Alaska's shipping tie-up in the past 15 years.

In a brief submitted yesterday to a three-man senate committee headed by Senator Wayne Morse (R., Ore.), Talbot said he was convinced a number of strikes and work stoppages "were encouraged and abetted by commuints leadership simply to disrupt." Some other strikes, he added, probably were justified.

Reginald Aubrey Fessenden, noted scientist, was credited with more than 500 inventions in electric waves, sound and light.

Gale Damage To Power Lines

A tree fell across an electric line in Croisan canyon Friday and made that district the most serious spot of local power disturbance during the storm of the last two days.

Electric service was out in the district for several hours in the afternoon. Otherwise, said Fred G. Starrett, Willamette valley manager for the PGE, damage to that utility service was minor and of short duration.

The Pacific Telephone & Telegraph company reported a cable went out of commission in the Fairmount hill district, with about 300 stations affected, and continuing six or eight hours, until about midnight Friday night.

The heavy wind crashed some large windows, including one at the Loder Bros. automotive establishment on Center street. More trees toppled, one hitting lightly the roof of the H. L. Stiff home at 805 North Winter street.

Power was out for some time in Manbrin Gardens when a tree fell across a line. The Jake Geiger home, 771 North inter, reported a tree down on the premises.

The city engineering department put a pump to work at Myrtle and Columbia Thursday afternoon, but it was needed for only about an hour. City maintenance crews were kept busiest cleaning clogged catch basins.

Bridge Experts Playing Today

Stormy weather all over the northwest resulted in several cancellations of delegations expected to attend the sectional tournament of the Salem Elks bridge tournament that opened this afternoon, but many experts from Portland, Corvallis, Albany and other nearby towns were on hand for the first of four championship events.

Men's pairs and women's pairs were to be decided Saturday afternoon, while play in the two-session open pairs starts Saturday evening at the Elks club.

Glen Burright, exalted ruler, presided at the opening ceremonies today. A committee headed by Walter M. Cline will serve a "crying room" lunch tonight.

Mixed pairs and other events will occupy two sessions Sunday afternoon and evening.
