

Novel of the Voyage of the Mayflower The Plymouth Adventure

By ERNEST GEBLER

(Five years of research and preparation for this book.)

THE STORY SO FAR: Relations between Captain Jones and the Mayflower and his passengers become strained even before the voyage begins when Priscilla Mullins spurns the Captain's hysterical attacks on the religious doctrines of the settlers. It has become a running battle when finally the Mayflower drops anchor in December of 1620—opposite Hudson's river, its original destination, but in the northeast in the harbor enclosed by the hook of land at the tip of Cape Cod. Now go on with the story—

Love is for all. I love you as I love my father. Christ loved all men, the saved and the sinner. He saw a sort of shining dew on her forehead close by the line of her hair, while she lifted her hand and held it against her breast. What would she have of him? Why did she come to him? "You are not spurned—what do you want of me? Men would kiss me. Do you want that? Nothing is denied you—oh, believe me!" Their eyes were on a level; in her stocking feet she was no longer taller than he; and with shivering warm emotion he stood close against her, looking into her face. (To Be Continued)
