Riot of 200 Convicts in
Utah's Model Prison Quelled

Point-of-the-Mountain, Utah, May 21 (AP)—Two hundred prison-
ers nabbed eight guards as hostages at Utah's new "escape proof"
penitentiary last night and rioted through the buildings and cor-
ridors for four and one-half hours.

The disturbance brought peace officers bristling with tommy
guns and sawed-off shotguns
from over the state, but not a
shot was fired. The only persons
hurt were several prisoners
beaten up by their fellows.

None of the prisoners escaped,
but two of the guards held as
hostages succeeded during the
height of the excitement in
breaking out through barred
windows in the maximum secu-
rity section. They shinned down
the second story on makeshift
ropes made of torn sheets.

The other six hostages were
released after a delegation of
inmates met with Warden Alvin
O. Severson, and members
of the board of corrections. The
officials promised to consider
the prisoners' complaints if the
prisoners would release their
hostages, return to their cells
and clean up the mess they had
made.

The mess included a broken
safe which had contained narco-
tics.

Prisoners told officials the
riot developed spontaneously
when word spread that several
were disciplined Sunday for a
lesser disturbance which occur-
red Friday. But Warden Seve-
rson said this disciplining was for
a disturbance at church a few
hours earlier.

The riot started with seizure
of the unarmed guards at 4:10
p.m. (MST). The prisoners re-
leased six men in death row
and others. They later agreed
to return to their cells.

Approving consolidation was
Conner district No. 8 by a vote
of 21 yes and 12 no. Electing
to remain independent was Mil-
lerville district No. 32 which
voted only 4 yes and 38 no.

Both the Conner and Mil-
lerville districts are Albany "feed-
er" districts and both are also
included in the proposed union
high school district outside of
Albany.

Should the consolidation of
the Conner district with Jef-
ferson be completed Conner
high school students, totaling
now but six, would be trans-
ported to Jefferson high school
daily. Conner is separated from
Jefferson by the Dever and Mil-
lerville districts.
