What Is This Reducing Sensation That Makes FAT FOLKS Lose Weight Without Dieting or Hunger?

NO CALORIE COUNTING NO EXERCISE NO MASSAGE

From want to want everybody is talking about the new reducing sensation—MODEL-ETTS.

The discovery of a group of New York doctors, MODEL-ETTS make you lose weight, pounds and inches of it, without dieting or hunger.

Think of it! With MODEL-ETTS you no longer count calories, you forget all about diets. All you do is chew or suck a tasty MODEL-ETTS tablet before each meal—and eat the foods you like.

And you don't have to worry about MODEL-ETTS. It is absolutely safe—it is a food adjunct—not a drug.

Before MODEL-ETTS was offered to the public it was clinically tested on a large group of overweight people under the direction of a group of doctors. The results were astonishing. Weight losses of 4 to 20 lbs. were obtained, without a hungry moment by a single member of the group.

Nothing like it ever before. You get an "Reducing Plan" or "Reducing Menu" with MODEL-ETTS. None are needed. With MODEL-ETTS you eat what you like—and grow slim and lovely.

MODEL-ETTS, by itself, is a MONEY BACK GUARANTEE. 30 day supply for only \$3.

One MODEL-ETT tablet has the hunger-satisfying capacity of 1 lb. of beefed-up hamburger, or 3 slices of white bread, or 4 eggs.
