Junior High at Lebanon Seen

Lebanon—Purchase of a tract of 26 acres for the site of a future junior high school has been approved by the directors of union high school district No. 1. The announcement was made Monday by School Superintendent J. W. King.

Ernest money has been paid on the tract north of Airport road between Fifth and Seventh St., pending survey and clearance of title.

The property, owned by L. E. Arnold, will be sold for $1200 an acre.

The elementary district recently bought about seven acres from Arnold for a new grade school, directly south of the tract now under consideration. The newly proposed site is partly within the city, affording sewer and water connections and fire protection. It has good drainage and is served by good roads, it was pointed out.

No action will be taken until the results of the school reorganization are known after general election this fall. At this time the lay citizens' committee on education will study the actual situation.

The board said that the present building program following the passage of the bond issue for $150,000 will take care of the needs of this area for at least the next two years.
