

100,000 Viewed Boyhood Home of Dwight D. Eisenhower

Abilene, Kan. (AP)—In the past five years more than 100,000 persons have taken guided tours through an unpretentious two-story house in the old south-side section of Abilene.

They came from all of the 48 states and from 76 foreign countries to see the modest home in which Dwight D. Eisenhower, his parents and his brothers once lived.

Newly-erected markers along the streets of this town of 7,000 guide visitors to the Eisenhower home and to the site of the Eisenhower memorial, being erected adjacent to the home.

The Eisenhower Foundation, a non-political group organized seven years ago to honor Abilene's most famous son, has sponsored the building of the memorial and the preservation of the home as a shrine.

The home was deeded to the foundation after the death of Eisenhower's mother in 1946. It was opened to the public the following year.

Theater railings and carpets have been installed to protect the furnishings but otherwise the residence is the same today as it was when the Eisenhowers lived there.

The visitor can see the potted plants for which Mrs. Eisenhower was caring at the time of her death, the piano she bought with her dowry money and the hooked rugs her husband made as a hobby.

In the living room is the family Bible open to the "birth" page. There, under the date of 1890, is recorded the birth of Dwight D. Eisenhower, who was born in Denison, Tex.

The Eisenhower memorial will house the decorations, trophies, medals and mementos collected by Eisenhower during his long and colorful military career.

The immense collection has been valued at \$1,000,000, and many eastern museums have sought to display it. Eisenhower

preferred, however, that it be exhibited in his home town.

The museum will consist of a central lobby and flanking wings. The main portion is expected to be open to the public this fall. The entire structure is expected to be completed by next spring.

At Eisenhower's request, the memorial will be dedicated not only to his role as a military leader, but also to all of the men and women "who made victory possible" by serving the cause of freedom and liberty in World War II.

Noahs Ark to Sail for Africa

Vicksburg, Miss. (AP)—A modern Noah's Ark that will take modern machinery and missionaries instead of animals to Africa was dedicated Saturday by Evangelist Billy Graham.

A unique expedition, missionaries, children and salty seamen, will sail for the dark continent aboard the vessel, a converted warship.

"I do not recall that anything like this ever has been done before in the history of Christianity," the evangelist said of millionaire industrialist R. G. Lorraine's latest brainchild, a joint missionary business venture to Liberia.

Skipper Para Ostervold said the converted infantry landing ship, which eight years ago carried GIs to Normandy beachhead, will sail next week for Baffly Bay, Liberia, with 12 missionaries, six children and nine seamen aboard.

Tacoma Paper Again Struck

Tacoma (AP)—The Tacoma News Tribune, preparing to resume publication after a 14-week AFL pressmen's strike, was struck again Sunday by some 70 CIO American Newspaper Guildsmen.

The Guild struck, Howard Clifford, unit chairman, said, not over wages but over "management's refusal to bargain with the Guild for departments the union had represented in the past."

The Guild strike vote was taken Saturday and pickets were posted around the Tribune building Sunday.

The Guild strike came hard on the heels of an end to the pressmen's strike, which had left this city of 143,000 without a daily newspaper since April 12.

The pressmen voted Friday night to accept management's offer of a 12 1/2 cent hourly wage increase, to \$3 an hour. The pressmen stated, however, they would return to work only when contract differences between the Tribune and five other unions, the Guild and AFL Teamsters, Stereotypers, Typographical and Mailers, were settled.

The typographical workers voted Sunday to reject management's latest offer in their contract renewal negotiations but failed to take strike action.

Clifford said the Guild's dispute was over the Tribune's refusal to recognize the Guild as bargaining agent for inside circulation and display advertising personnel, who had been covered by previous Guild contracts.

George F. Russell, Tribune business manager, maintained there were not enough Guild members in the two departments for the Guild to continue representing them. He said no further negotiating sessions have been scheduled.

Sweet Home Safe With \$2000 Taken

Albany — Investigation conducted much of Thursday and Friday by state police and Deputy Sheriff George Miller into the theft of a safe and other articles by burglars from the Bohemian Tavern at Sweet Home Thursday morning has yielded no definite evidence pointing to the perpetrators, Deputy Miller said today.

The officer reported that the safe contained about \$2000, mostly in cash. It was a small safe, he said, and could have been carried by two men and loaded into the trunk of a car.

Counties Seek Half of O&C

Portland (AP)—A Congressional subcommittee Saturday was told that Oregon counties are entitled to at least half the revenue from Oregon and California revested lands.

The Association of O & C Counties told the committee that the counties are making large outlays to maintain roads which trucks, hauling O & C logs, are using.

The counties now are supposed to receive 75 per cent of the income. But some congressmen have objected and part of the funds have been held back in recent years.

Rep. Harris Ellsworth (R., Ore.) has introduced a bill which would divide the revenues evenly between the federal government and the counties.

Ellsworth was among the four congressmen here for the conference. The others were Ben F. Jensen of Iowa, Wesley A. D'Ewart of Montana, and John P. Saylor of Pennsylvania.

Expelled Doctor's Appeal Sustained

Walla Walla (AP)—Dr. Miles H. Robinson, who has sued for \$134,000 in connection with his being dropped from the Walla Walla Valley Society, said Sunday that the Judicial Council of the American Medical Society has sustained his appeal of the expulsion.

Dr. Robinson claims in suit for damages that the charges which resulted in his expulsion from the medical society were wrongly based on an allegation he had revealed the nature of a patient's contagious disease to the patient's son-in-law.

Blaze Destroys Grain in Field

Dallas — A fire started in the combined field of Dan K. Friesen of Oakville Thursday, July 17 and burned through three acres of stubble before it was brought under control by the Dallas rural fire department.

The blaze, starting at about 12:30 consumed 40 sacks of grain that had been lying in the field. The cost of the fire was not estimated.

Strike Causes Layoff Of 300 UP Shopmen

Portland (AP) More than one-third of the Union Pacific repair shop crew here was laid off Saturday.

Company officials blamed the steel strike for the layoff of the 300 workers. They are to be rehired when the strike ends. Approximately 550 men still are employed in the shop on light repair work.
