Hike Asked for Parcel Post

Washington (AP) — Postmaster General Summerfield Friday formally adopted the proceeding started by his predecessor for a new 35 percent increase in parcel post rates.

Former Postmaster General Donaldson petitioned the Interstate Commerce commission for such an increase a few days before leaving office. He asserted that the hike was necessary to cover a current deficit in parcel post operation.

Post Office Solicitor Roy C. Frank notified the ICC Friday that Summerfield's name should now be substituted as the petitioner in the case.

Livestock in U. S. Increased

Washington (AP) — The Agriculture Department reported Friday that livestock and poultry on farms and ranches increased one per cent last year. This was the fourth successive annual increase.

The increase was substantial in cattle—a fact that has played a role in recent decreases in prices.

Hog numbers recorded a sharp decrease after having increased each year since 1948. Low prices for this type of meat animal last year have been reflected in reduced production.

The department said that even with a slightly larger aggregate number of livestock and poultry, the total farm value declined 24 per cent during the year. The value was put at $14,900,000,000 compared with a record of $19,600,000,000 on Jan. 1 a year ago.

On Jan. 1, the values of all species were lower than a year ago. The most marked of all were the declines of 44 per cent from a year ago in the average value per head of stock sheep and 28 per cent for cattle and calves.
