GREATER THAN THE ATOM'S POWER...

Everyone these days talks and thinks about atomic energy. To most of us it is the most remarkable and powerful form of energy yet discovered. One of the world's outstanding scientists does not agree. He points out that the most powerful form of energy is not mechanical. It is not electronic, or even atomic energy. It is, he says, prayer energy. This little family, then, is tapping that source of amazing power—whether the children utter the simple words, "Now

I lay me down to sleep—" or a special prayer straight from their hearts. When you see a family united in prayer, you know it is a family united in all things. And you know, too, that the Church is an important part of its life.

HOLY BIBLE

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
