

Ted Williams Crash-Lands

Seoul (AP)—Ted Williams slid home today — safely.

The famed former Boston Red Sox slugger, now a Marine captain and pilot, crash-landed his burning Panther jet fighter-bomber at a forward base after taking part in a 200-plane strike in North Korea.

Williams, on his first Korean combat mission had two tag-a-long flights to learn the terrain. He fought his warplane back across the lines and belly-landed when his wheels stuck.

On the harrowing flight his radio went out, his ailerons stuck, his plane was on fire and his airspeed indicator quit.

Despite it all, he was able to walk away from his damaged plane. There was no indication he suffered any injuries.

Williams said he passed over the target, a sprawling Red troop and supply center near Pyongyang, was "a smooth run." "I can't understand it," he said.

"I didn't feel a thing hit me."

Fellow pilots, however, said Williams' plane was blazing when it left the target, and flames were seen coming from the brake ports all the way back to the forward base.

Presumably the Panther jet was hit by Red ground fire.

Hoover Truman and Eisenhower are the only U. S. Presidents who were born west of the Mississippi river.

Tele-fun

by Warren Goodrich

"May I interrupt this call to get the doctor—I got into a petrified forest by mistake." ... Good party-line neighbors release the line so others can make urgent or emergency calls ... Pacific Telephone.

Big Job—Remaining residents of Poortvliet on Tholen Island, Holland, spend most of their time pitching in with Allied troops in mighty effort to rebuild flood-damaged dikes. The island was one of the hardest hit areas in the Netherlands in recent disaster which claimed huge toll of life and property. (UP Telephoto)

First Dividend Declared By Turkey Association

A dividend of one tenth percent a pound for each turkey processed from August 1, 1952 to January 1, 1953, will be paid by the Turkey Growers association to its members. Sam Speerstra, president of the association, believes the checks will be distributed around July or August of this year.

Total amount involved in the dividend will be around the \$8,000 mark with the average check

about \$100. Operations of the plant which is located in West Salem resulted in \$1,627,742 being paid to members for their turkeys and another \$183,742 being paid to members for their turkeys and another \$183,050 to employees. At the peak of the season some 500 persons were on the payroll. They handled eight million pounds of turkeys during the period from July, 1952 to the first of 1953.

The association has made almost constant improvements in its plant and operations and is now affiliated with the Northwest Turkey Growers of Salt Lake City, an organization that specializes in marketing.

In addition to Speerstra, the board of directors of the association consist of W. A. Davis, Oakland; Eldon Fisher, Elkton; Frank A. Clark, Creswell; Dale Beamer, Eugene; Edward Gath, Turner; H. W. Buxton, Molalla; I. R. Hanson, Canby and George E. Renan, Oregon City.

Arthur J. Montgomery is secretary-treasurer of the association; Wm. F. Everett, plant manager, and Henry M. Hodges, general manager.

Elks to Construct Building at Albany

Albany—Albany's Benevolent and Protective Order of Elks Friday announced plans to begin construction of a new Elks temple within the next few months on the northeast corner of W. Fourth Ave. and Broadalbin St.

The lodge has published an invitation to contractors to bid on the purchase and removal of three dwellings and garage buildings owned by the lodge and located on the land selected for the site of the lodge. Bids must be in the hands of the local secretary by Thursday, Feb. 19.

No announcement of the total cost of the construction was made.

The deserts around the Red Sea have almost no rainfall for months at a time.
