After being pronounced dead by a family physician Brossman was found to be alive when he was about to be embalmed. He lived for another 11 1/2 hours before being finally pronounced dead again. Milk Price Hearing Held

Portland (AP)—If a Portland chain store could buy milk at a wholesaler's discount it could retail milk at 19 cents a quart and still make a profit, a State Milk Marketing Administration hearing was told Wednesday.

Walter Spencer, a merchandiser for Fred Meyer, Inc., said that milk distributors now sell milk to other distributors at a 15 per cent discount from the wholesale price of 20 cents a quart fixed by the state.

He said if Fred Meyer and other large volume retailers could buy at this discount milk could be retailed at 19 cents. The 1 1/2 cent mark-up possible would permit a profit, he said.

Spencer denied that his firm wanted to use milk as a loss leader.

Request by Sweetland Rejected by Heltzel

Public Utilities Commissioner Charles H. Heltzel refused Wednesday to grant Rep. Monroe Sweetland's request for a hearing against the 20 per cent power rate surcharge. He said it wasn't in proper form.

Sweetland made the request in a letter to Heltzel Tuesday.

Heltzel said his lawyer advised that Sweetland's request is not proper because it doesn't set forth any ground of complaint, doesn't identify the power companies he complains against, no extra copies of Sweetland's letter were prepared, and Sweetland didn't pay the \$1 fee that's required.

Heltzel sent Sweetland a copy of the public utilities commissioner's "rules of practice and procedure," so that Sweetland can find out how to file his re-

quest in proper form.

Sweetland introduced a bill calling for an investigation of the surcharge, but the House Utilities Commission buried the bill when Heltzel advised Sweetland that he had the same right as any citizen to demand and get a PUC hearing.

That's what Sweetland did Tuesday, but the request was in the form of a short letter to Heltzel which, Heltzel said, doesn't comply with the law.

Sweetland said he would have to wait a few days before filing his formal complaint because he was flying Wednesday night to Constantine, Mich., where his father is seriously ill.

OCE May Give BS Degree

Eugene (AP)—A recommendation was made Wednesday by a special committee that the State Board of Higher Education reverse itself and permit Oregon's three colleges of education to grant bachelor of science degrees in general studies.

The action followed a 10-hour hearing here, called after the board decided to reconsider its decision. The special committee of the board is to report at a March 10 meeting.

Dr. H. K. Newburn, president of the University of Oregon, and four members of his staff, opposed granting permission to

the colleges at Monmouth, LaGrande and Ashland to offer degrees in social sciences, humanities and science-mathematics.

Dr. A. L. Strand, president of Oregon State College and four staff members, did not oppose the action. They proposed that OCE be allowed to offer a general studies course, but the committee took no action on the suggestion.

Representatives of Oregon College of Education, Eastern Oregon College of Education and Southern Oregon College of Education urged that the general studies course be granted their schools.

Legislative authorization will be necessary if the recommendation is approved by the board.
