ACORNS FROM THE
Oak Room
WITH DEL MILNE
"Hello Del, this is Mary-Lu. I just wanted to tell you what a wonderful steak dinner we had at the Oak Room last night but Del-I-I-I... it nearly broke my heart to have to leave a goodly portion of that steak on my plate. I just couldn't eat it all, really, Del, I just couldn't. What say, Del?"
"Well, I was just going to say I do not usually go around giving tips to people that eat my revenue, but Mary-Lu could I suggest that you order a "Butterflied" Tenderloin steak. That is a top grade tenderloin cut from the lower end, or still the same wonderful charcoal barbecued steak but it not as large hence it costs less than the New York Cut and the larger T-bones. After all, why pay good money for something you cannot use (like that extra half of a big steak)?"
"Oh, my goodness, why didn't someone tell me about that before, why I know lots and lots of ladies who leave half their steak on the plate and believe me, that does not make a bit with the 'guy' who pays the bill," but, my goodness, Del, a lady can't just ram it down to be polite, now can she?"
