## The Dalles Still Rated As Leading Hi School Team

The Dalles, new facing a playelf for the right to enter the
state class A high school bashetball tournament, still ranks
so Ne. 1 team in the weekly
Associated Frees pell.

For the fifth consecutive week
The Dalles heads the list of
Oregon teams, although it was
not unanimous this time. One
first-place vote went to Redmond, ranked No. 7 in this
week's pell. The other 10 votes
from sports writers and sporteasters went to The Dalles, undefeated in 22 consecutive
games.

The Dalles will play Pendiction next week end for the
right to enter the state tourney.

There was only minor shuffiling of the teams in the poll,
although one new team appeared on the list of the top 10.
That was Cleveland of Portland,
back on the list after an absence
of two weeks. Cleveland scored
two impressive victories in the
past week to gain its backing.

Marshfield, as usual, was the
No. 2 team.

Medford, which has been
the No. 3 team for the past
month, found itself in a tile

Cleveland got the No. 9 position and Tranks with a point in
the balleting, 20 points benot. 1 Each polled 72 points in
the balleting, 20 points benot appeared on the poll,
first-round game of a district so
tournament.

Jefferson of Portland held
en to the No. 5 position, although defeated by Cleveland.
Redinend moved up two positions to No. 7 after defeating
Bend, and Gresham held on to
the No. 5 spot.

# **GOES THE** OF EVERY BUICK-Roadmaster! Super Special and

It's more than pride that makes a man want a lot of horsepower beneath the hood of the car he owns.

For the real point in reaching record horsepowers and compression ratios goes beyond miles per hour. It steps up performance and economy in normal driving.

That's what Buick engineers did when they upped the power and compression of each 1953 Buick - Special, Super and ROADMASTER - to the highest figures in Buick's fifty-year history.

In the SUPER and ROADMASTER, they put a new kind of V8 Engine-first passengercar V8 with 8.5 to 1 compression, and a long list of other major engineering advances.

For the SPECIAL, they redesigned the famed F-263 Fireball 8 Engine - gave it shorter flame travel, faster firing, higher horsepower and compression.

And to these spirited engines they coupled the new Twin-Turbine Dynaflow Drive\* that adds flash-fast, quiet getaway to utter smoothness.

Just to give you an example of what all this means: The 1953 Buick SPECIAL with Dynaflow can beat the mighty 1952 ROADMASTER on getaway-can reach 30 mph (when the law allows) with a combined speed and jerk-free smoothness no other car can equal.

Of course, there's far more to these new Buicks for 1953 - some seven dozen new features alone.

But why not come in and see for yourself that these are the greatest Buicks-and the greatest values-in fifty great years.

dord on Roadmaster, optional at extra cut on other Series.
