

Swegle School Enlarges Playground for Students

East Salem — With spring weather, recreation periods at the schools are now spent on the school grounds instead of in the play rooms.

At Swegle school two new basket ball goals and a horizontal bar are new playground equipment, and the black top has been cleared of slides, thus giving the children a larger dry play section.

Teas for mothers are given each year in many of the schools. The first this year for Swegle mothers was given Thursday afternoon by members of the sixth grade. Mothers were first invited to attend the 20-minute radio script which was given over the school's broadcasting system with music and sound effects.

Five of the fifth grade pupils of Swegle have completed 15 written book reports and given five oral reports. They are Margaret Gilman, Ronnie Alzman, Charles Bergin, Muriel Royer, and Donald Sntiken.

David Averfield, a first grader, has been transferred to a California school as his mother, Mrs. J. W. Overfield of June avenue, moved the past week.

Washington school Mothers club sponsored a square dance at the Mayflower hall last week. Mrs. Mose Van Dell and Mrs. Elmer Meade were co-chairmen for the benefit.

On the refreshment committee were Mrs. Kenneth Robinson, Mrs. Willis Hill and Mrs. Clarence Bueller. Callers were Kenneth Robinson, Elmer Van Dell, Richard Houtz, and Clyde Chatters.

Swegle school will have a spring festival at the school next week, and Hoover school in April.

The date for the school carnival at Hoover school was announced for April 10 at the PTA meeting Monday night.

Named as the nominating committee for new PTA officers at Hoover school for next year were Rey, Lowell Holte, Mrs. Leo Rumlir and George Goforth. Third grade mothers who

Chalfant to Speak At Mission Meeting

The several hundred persons taking part in the area-wide interdenominational missionary convention now being held at the First Baptist church will hear Dr. Harold Chalfant, missionary director for the Four Square church Thursday night.

Following Dr. Chalfant's talk there will be a showing of a film produced by the Wycliff Translators entitled "Over A Thousand Tongues". It will show the importance of producing Christian literature by reducing languages to writing.

Featured speaker during Wednesday night's session was China-born missionary, Rev. John Schlosser of the Free Methodist church board. The climax of the evening was the showing of the life story film on Jake DeShazer, the Doolittle raider shot down over Japan in the war, and now a missionary to that country.

The convention will continue through Sunday with sessions each afternoon and night. Dr. Oswald J. Smith will give the final talk at 3 p.m. Sunday.

New Dates for Livestock Show

Portland—New dates have been set for the 1953 Pacific International Livestock Exposition

at North Portland, Oregon. Persistent demand from livestock exhibitors and national livestock breed associations has resulted in the Pacific International deciding to hold this year's event on the dates of October 20 through 24 for the open show. The Junior Show for 4-H and FFA exhibitors will occupy the last three days of that

period, October 22, 23, and 24. This shift in dates will close the previously long gap between the Pacific International and the Cow Palace show at San Francisco. It appears certain that this new arrangement will attract a considerable number of additional exhibitors previously missing the P-I in order to avoid the customary wait be-

tween shows. With the Ogden livestock show immediately following the Cow Palace event this western show circuit is certain to attract more intermountain and midwestern exhibitors as well as those from the Pacific Slope, in the opinion of the Directors of the Pacific International and breed association representatives.

The proposal now is to hold the show in facilities to be made available adjacent to the Portland Union Stock Yards. 1614 MEN REACH S. F. San Francisco (AP) — The transport Gen. E. D. Patrick arrives today with 1,614 servicemen and dependents from Japan.
