

The finest service station system in America!

Union Oil is generally credited with having the finest service station system in America. One of the main reasons for this reputation could be our carefully-worked-out *system of service*. It is built around three words—

SPEED—You're in and out of the station in the shortest possible time with the greatest possible attention.

COURTESY—You get the polite attention a customer expects and deserves.

CLEANLINESS—Daily inspections assure you that rest-rooms and stations are clean at all times.

So, if it's service you're after, drive in at the sign of the orange-and-blue 76.
