Reveal Navy Planes Downed Soviet Migs

Paris (AP)—A highly authoritative informant disclosed today that 100 Russian Mig-15 jet fighter planes approached a United States navy task force in the Sea of Japan last November and that navy Panther jets shot down three of them.

It was the largest single Mig force ever spotted by American forces, the informant said.

The incident, only partly announced by the navy at the time, occurred shortly before President Eisenhower made his preinauguration visit to Korea.

Eisenhower made the comment in a message to the 21st annual convention of the national Catholic conference on family life. It was made public here at the start of the three day sessions.

The president, in a letter to the Rev. Edgar Schmiedeler, director of the Family Life Bureau, Washington, said he "noted with interest that the general theme of your convention is 'The Father, The Head of the Home.'"

Medford (AP)—Contracts for construction of a new section of Highway 99 north of Central Point will be let this fall, probably by October or November, according to the State Highway Commission.

Washington (AP)—The chairman of the house committee investigating the Internal Revenue Bureau says it should be divorced from the treasury to relieve "unhealthy" political pressure on tax agents.
