Mother, Children Die In Blazing Cottage

Sturbridge, Mass. (AP) — A mother and two children she vainly tried to rescue perished in their blazing cottage home early Thursday after she saved her three other children.

The dead were identified as Mrs. Rita Gauthier, 31; Constance, 5, and Priscilla, 2 1/2. Rescued by their mother were Theresa, 4; Jacqueline, 2, and Robert, 2 months.

When drama was first televised in 1928 by WGY, an experimental station in Schenectady, N. Y., only the heads of the actors showed on the screen because of the limitations of the TV medium at that time.

Cordon to Try to Release Aid Funds

Washington (AP)—Sen. Guy Cordon today assured Oregon's administrator of public welfare that efforts would be made to release federal funds for Oregon in time to meet public assistance payments due April 1.

Administrator Loa Howard had expressed alarm that the welfare commission would not be able to make April payments for old age assistance, aid to the blind, aid to dependent children and aid to the permanently disabled because the federal funds were not available.

Cordon said he had put the

problem to the White House and federal security agency. He said legislation providing \$340,000,000 for public assistance grants to states had been approved by congress and sent to the White House for President Eisenhower's signature.

Junk Dealer Accused

Los Angeles (AP)—A retired junk dealer is in jail today accused of murdering his sister-in-law and hiring a man to murder his wife of four months so he could acquire the woman's \$180,000 property.

Arrested yesterday and booked on suspicion of murder and suspicion of soliciting the commission of a murder is Francisco Mariani, 42, of nearby Pasadena.

Coon Would Let Ore. Lt. Bring Back Child

Washington (AP)—Rep. Sam Coon (R., Ore.) has introduced a bill in the house to help a Baker, Ore., couple to bring their part-Japanese adopted child back to the United States.

The bill provides that for purposes of the immigration and neutrality act, the little girl would be considered the "natural-born alien child" of Lt. and Mrs. Andrew J. Dickson. The bill is a companion of a measure introduced in the senate by Sen. Wayne Morse.

The Baker officer was scheduled to return from duty

in Japan, but obtained an extension of duty because he was unwilling to leave the child. His tour of duty is up in July, and Oregon lawmakers hope for fast action on the bill so the family can return home.

Hildebrand to Head Academy of Doctors

St. Louis (AP)—Dr. William B. Hildebrand of Menasha, Wis., was named president-elect of the American Academy of General Practice last night.

He will succeed Dr. U. R. Bryner of Salt Lake City, as president of the family doctors' group next year. Bryner will assume the presidency tonight at the convention's annual dinner.
