"A Tight Little Island" will be presented by UNESCO tomorrow and Saturday nights in Waller hall. An English comedy, the film will begin at 7:30. Admission price is 50c.

Baxter hall now has a television set. The second one to appear on the Willamette campus, the set is a result of funds gathered by the Baxter men's association and gifts from alumni associations.

Bishop manor will present their dance tonight, and the theme of the affair is "Le Club St. Germaine." Following closely the French theme, the decorations, planned by Judy Slack of Coquille, will be inspired by the paintings of Matisse and Picasso. The room will resemble a Parisian night club, and candles in bottles will decorate the table tops. Sally Cheavens of San Carlos, Calif. and Marilyn English of Hood River are chairmen of the function.

"Spring Fever" will be the theme of the Beta Alpha Gamma-Sigma Alpha Chi annual dance. The two sophomore honoraries will dance in Lausanne hall tomorrow night from 8:30 until 12. Preparations for the event have been made by Judy Fullager of Portland and Chuck Ruid of Woodburn.

Monday was a blue day for the senior class on the Willamette campus this week, for in the traditional Blue Monday style, they swam the mill stream. As the losers of Freshman Glee, taking fourth place, the class of 1953 presented Blue Monday chapel for the student body.

Rollin Cocking of Salem read the obituary of the class, amid tears of the seniors. The graduating class entered in their caps and gowns, carrying a row boat with two senior women, Amaryllis Lillies and Eleanor Oakes of Portland, in it. Bob Miller of Pendleton, class president, read the senior class will. To the sophomore class they left the "shuffled glee" banner. The sophomores placed second in the race. To the junior class, who won the contest for the third straight year, the seniors left their 140 left feet. The freshman class placed third, and no mention of them was made in the will.

After singing their songs for the years that they have participated in Glee, the seniors marched out to the mill stream and filed into the water.
