March Rainfall Heavy Over Wide Areas of U.S.

Windy March blew a wet of bounds but reportedly was goodbye to wide areas of the nation Tuesday with a preview of April showers.

Rainfall in many sections of the New England states and during March was the heaviest on record. It also was a month of the season's first tornadoes and early spring floods.

The worst floods in New Eng-

of the season's first tornadoes and early spring floods.

The worst floods in New England since 1936 appeared easing in most sections but the second flood in four days ern Kansas Monday. It lifted threatened the Ossippee area of the season's first tornadoes in Massachusetts, Connecticut or Rhode Island.

The latest of the season's first tornadoes in mediate in mediately. No damage was reported. New Hampshire. reported.

Emergency Act

Kailure of the federal government to release its portion of welfare funds to meet the March payroll affecting some 36,000 welfare recipients caused Sen. Ellis to have a bill prepared in a hurry and arrangements were then made for supension of rules in both

Itching Eczema

Governor Paul Patterson assured me that he would have signed it as soon as it was brought to his desk. In that Not Necessary

A telegram from United States Senator Guy Cordon in Washington ruined plans of Senator Rex Ellis to push a \$1,000,000 appropriation be seemably in record time Tuesday.

Failure of the federal funds had not been released, we could have provided the checks for everyone on the welfare rolls—in all categories—without any delay."
