

Throng of Newsmen to Greet Japanese Prince

Honolulu (AP) — Competitive spirit? An influx of Japanese newsmen will swell to more than 100 the correspondents covering the arrival Monday of Crown Prince Akihito. The prince, 19, is on his way to England for the coronation of Elizabeth II.

Plotting are scheming how to get out the first radiophoto of Akihito's arrival on Honolulu's lone commercial transmitter.

One Japanese newspaper suggested its correspondent hire a helicopter to meet the President Wilson at sea and bring in the first picture.

The reply: None for rent.

The newspaper's solution: "Buy one."

Another suggested homing pigeons.

Still another suggested that the Japanese correspondent on the ship—there are 19 newsmen and photographers accompanying Akihito—throw a picture overboard attached to a rubber raft.

Act 2: A speedboat would pick up the picture and rush it ashore ahead of the liner.

Nix, said acting collector of customs Marde Hiberly. Nothing goes over the side. Customs men must clear everything. Coast Guard planes will meet the ship and ward off unau-

thorized small craft. Hiberly arranged for a tug to carry correspondents and photographers out to the President Wilson. But they must stay with the ship until it docks.

When it does, the race to get in first with the pictures probably will mean plenty pilikia wikipiki—or, in plain English, trouble dog gone fast.

Solons Lured To Far Lands

Washington (AP) — Spring is in the air, and a lot of Congressmen are getting ready to follow suit.

The annual congressional junket season gets under way with a bang this week, aided and abetted by a 10-day Easter recess of the House.

The end of the week will find House members in or nearing such distant lands as India, Pakistan, France, Italy, Thailand, Formosa, Hong Kong, Indochina and Japan, to say nothing of Florida, Texas, Louisiana and Puerto Rico.

It's all on official business, of course, except the Florida excursion which will be a condensed spring-training season

for congressional baseball players footing their own bills. Expenses will be borne by the taxpayers, mostly through the House Contingent Fund, but the foreign affairs groups operate largely on foreign money in the possession of the United States.

Not so with the ballplayers. About 40 Republicans and Democrats, plus an estimated 100 wives and children will spend the Easter Holidays at Daytona Beach, Fla., unlimbering their muscles in preparation for the annual ball game between House Republicans and Democrats.

Search Pushed For Fliers

Anchorage, Alaska (AP) — The search for two Air Force fliers who parachuted from their F-94-B all weather jet fighter north of here Tuesday was to be resumed at dawn Wednesday.

The missing men are a pilot and radar observer. They had radioed a terse international distress call at 1:40 p.m. Tuesday morning saying they were

abandoning ship.

Air Force officials also were to resume the search for another jet fighter plane which has failed to return to its base. The plane—also an F-94-B jet—was last reported about 40 miles north of here. Officials said an oil slick sighted Tuesday night in Knik Arm is believed to have no connection with the missing craft.

The wreckage of the crashed jet was spotted Tuesday some 82 miles northwest of here. No sign of life was seen at the wreckage. A helicopter from the 10th Rescue Squadron at Elmendorf landed at the scene and radiod the pilot and

radar observer definitely had bailed out.

Three planes which scanned the area Tuesday night in the hopes of sighting flares or fires indicating the whereabouts of the men returned to base at midnight because of poor visibility and low ceiling.

Red Cross Short

Albany — An end of the month survey of the progress of Linn county Red Cross fund drive released Tuesday showed solicitors have collected \$19,600 of the county's \$23,000 quota. A number of rural and residential areas

have not completed their reports and Sweet Home, the county's third largest town, had not completed its drive. Albany was still \$1200 short of its quota.
