OSC Schedules Appearance Of Oscar Levant April 18

Oregon State college, Corvallis—Oscar Levant, one of the most colorful personalities in American music, will appear in the O.S.C. coliseum on Saturday, April 18, at 8 p.m. in person in his first concert tour since his most recent screen success in "American in Paris" in which he co-starred with Gene Kelly and Leslie Caron. The piano star of "Who Said That," "Information Please," "The Telephone Hour" and other topflight

radio and TV programs will come here as a special attraction sponsored by the department of education activities. Tickets at popular prices will go on sale Tuesday, April 7, at the Memorial Union building on the Oregon State campus and in other Willamette valley towns. Levant has delighted millions of listeners with his fabulous memory and his verbal adroitness on radio programs. His piano recordings have placed him high among the record sellers of the land and his motion pictures have further impressed his droll personality upon the public. Each season, between motion pictures and radio and television engagements, Levant takes time out to make a personal appearance tour, to personally contact the public which follows him upon the screen, the phonograph and the airwaves. Despite his manifold activities, Levant is first and foremost a musician of the highest calibre. His extraordinary virtuosity as a pianist has earned him the distinction of appearances as guest soloist with the New York Philharmonic, the Philadelphia orchestra, the NBC symphony and the orchestras of San Francisco, Minneapolis, Pittsburgh, Cleveland, Washington and Rochester. Among his successful motion pictures have been "Rhapsody in Blue," the screen story about his closest friend, the late George Gershwin; "Humoresque," "The Barkleys of Broadway," "Kiss the Boys Goodbye," "Rhythm of the River," and numerous shorts with his colleagues on "Information Please."

The six mile trail from the highway to the Mt. Jefferson primitive area is the shortest inlet to such a district in the nation, he said. Mr. Moore also showed colored film of the Cascade area. Boys Didn't Get to Texas

Bend (AP)—Two young boys who wanted to ride a horse to Texas and then settled for a car probably will have to deal with their parents' goat today, partly because they hit a deer. The boys, one 12 and the other 13, were picked up here by city police. They said they at first planned to find a horse and ride to Texas, but decided it would be better to take a car and ride in style. Police said the 12-year-old borrowed his father's car and \$180 from his cash box. They then headed for the open road and reached California. They doubled back to Oregon and their car was badly damaged when they struck a deer. The boys abandoned the car near here and were negotiating for a taxi trip to Prineville where they said they planned to pick up a horse to return home. But officers caught up with them and said they would provide transportation. The boys still had \$93.37.

Young Slayer Rejects Father

Dubuque, Ia. (AP)—A handsome 18-year-old AWOL Marine today faced murder charges in three states alone after rejecting the efforts of his grieving father to help him. Fred E. McManus, who shrugged off five slayings as "too bad," flatly told his father, Mose McManus of Valley Stream, N. Y., a brewery executive, he did not want the help of the lawyer the elder McManus had retained to defend him. The father flew into Dubuque from New York and had a brief interview with his son last night in the Dubuque County Jail. The youth, who earlier had said he didn't want to see his father, greeted the elder McManus calmly and shook hands with him before authorities led them to an office for a short talk. During the 15-minute meeting a deputy sheriff who was present, said young McManus shed a tear when his father made a reference to the girl who accompanied the boy on a four-day cross-country crime spree. The youth leaped from his chair knocking it over, and started for the door in apparent indignation at the remark. The father covered his eyes and wept, then left the room.

Senate to Probe Tax Returns

Washington (AP)—President Eisenhower Wednesday gave the Senate Commerce Committee powers to examine income tax returns in a move the White House said was aimed at New York waterfront racketeers. This was believed to mark the first time that the White House has empowered the Commerce Committee to look at income tax returns. In some other cases, congressional committees have been granted the privilege. For instance, the government operations committee headed by Sen. McCarthy (R., Wis.), has been given the right to look at tax returns.
