

**MRS. DEAN HOPEFUL**  
Berkeley (AP)—Mrs. William F. Dean, wife of the American general imprisoned by the Chinese Communists, says the Korean truce situation "looks a lot better." But she said she

was trying not to be "too optimistic or too pessimistic." Dry climates in the Andes south of the equator makes temperatures at the equator lower than those to the south.

**Economy Cuts Provide Variety**

Surveys show that the average homemaker makes use of less than 10 per cent of the score of available meat cuts. Since price per pound is affected by this demand for a comparatively few cuts that would help to stretch her meat dollar.

Because meat is the center of the meal and is important in the food budget, it is of distinct advantage to be familiar with as many cuts as possible. The above chart presents a graphic picture of less demanded beef cuts and their origin. The shaded areas, representing 80 per cent of the carcass, are sources of these lesser-known cuts. Unshaded areas provide the cuts in most popular demand.

In addition to their price advantage, the less-demanded cuts afford increased variety in the menu, and are rich in nutritive value as the more demanded cuts.

**Christians Observing Maundy Thursday**

New York (AP)—Millions throughout the Christian world are observing Holy Thursday.

The day, also called Maundy Thursday, marks Christ's institution of the Holy Eucharist—Communion—at his last supper with the disciples.

The phrase "Maundy Thursday" derives from the Latin "Mandatum," a command. It reminds Christians that Christ, after washing the disciples' feet commanded that they should wash one another's feet.

**Toasted Coconut Cream Different, Delicious Dessert**

When you want a delightfully different and good-looking party dessert, a little imagination is very helpful. This "Toasted Coconut Cream" is not only imaginative but is simplicity itself. The toasted shredded coconut becomes a special flavor treat when combined with rich, full bodied apricot whole fruit nectar.

**Toasted Coconut Cream**

- 1 cup apricot whole fruit nectar
  - 1/2 cup milk
  - 3 tablespoons lemon juice
  - 1/2 cup granulated sugar
  - Few grains salt
  - 1/2 cup whipping cream
  - 1/2 cup toasted shredded coconut
- Combine nectar, milk, lemon juice, sugar and salt, and stir

until sugar is dissolved. Pour into refrigerator tray, place in freezing compartment with control set at lowest temperature and freeze until firm. Remove to chilled bowl and beat with rotary beater until smooth and fluffy. Whip cream until stiff and fold into frozen mixture with coconut. Return to freezing compartment and freeze to desired consistency. Reset temperature control to normal.

Makes about 1 pint.
