

TELE-VIEWS

Radio-Television
By DAVE BLACKMER

The ponies start racing on television this Saturday at 1 p.m. The top stake races will be a weekly Saturday feature on KPTV.

Lieberace, the famous pianist, will start his weekly program on Wednesday evenings on KPTV April 22. This will truly be top notch musical entertainment.

President Dwight D. Eisenhower's address on Thursday, April 16, before the annual meeting of the American Society of Newspaper Editors will be broadcast over the KPTV-CBS Television station and network starting at 10 a.m. The telecast will originate in the Presidential Room of the Statler hotel in Washington, D.C.

YOURS FOR THE TELE-VIEWING TUESDAY
Texaco Star Theater 8:00. Berle advises Pfc. Eddie Fisher on becoming a "Big Star" back in civilian life; Charles Coburn and Denise Darcel assist.
Circle Theater 9:30. Plasma saves the life of a GI, seriously wounded on the Korean front, but it takes an Army nurse to save his spirit in "Transfusion."
Ken Murray Show 10:00. Ken goes arty, turning the studio into an artist's room and finds himself and his coterie sitting for Duke Art, the "lightning sculptor."
My Little Margie 11:00. Margie attempts to help her boy friend improve his golf game by recommending a trick dog to fetch his golf balls.

YOURS FOR THE TELE-VIEWING WEDNESDAY
Kate Smith 1:00. Kathryn and Marc Platt, comedy dancers; teen-age panel featuring college editors.

Damages Asked After Accident

Albany—Damages totaling \$26,450 are asked in two suits in circuit court here each arising from a traffic accident.

Eugene Carey asks \$18,750 judgment against Lawrence EATINGER as the result of injuries he alleges he received when he was struck by EATINGER's car as he was standing beside his own stalled car on the Sodaville road between Sodaville and Lebanon March 17, 1953.

In the other case Marie DUGGER charges Jerry Phelan with responsibility for neck injuries she suffered when a car driven by Phelan and owned by Hubert L. Phelan named co-defendant, struck the rear of a car in which she was a passenger. The accident happened a short distance south of Halsey on highway 99E. This plaintiff asks a \$4,700 award.

Speeding Near Park Hit at Lebanon

Lebanon—City officials have been alerted to the danger of cars speeding past Booth park on east Grant St. as weather permits increased activity of children in the recreation center.

A traffic control now considered by the city council includes portable warning signs in the streets approaching the park, and strict law enforcement of traffic during the summer playground months.

The council has heard the third reading of an ordinance granting Mountain States Power company a franchise to operate the Linn County Telephone company.

Petitions to pave four additional city streets were read, and three were accepted. These include Elmora from Franklin to Sixth; Jennings from the east end of the present paving to Hiatt, and Sixth St. from Tangent to Vine.

The fourth petition for Seventh from Tangent to Rose, was

DANCING AGAIN

referred to the city attorney for study. City limits of the municipality lie less than 10 feet from the street on the west side.

Board Mum on Teacher Ousters

Roseburg—The school board here refused Monday night to disclose publicly its reasons for not rehiring six teachers and for placing nine others on probation.

At a meeting attended by approximately 400 persons, Supt. M. C. Deller read a prepared statement saying the board was not obligated by law to tell why the teachers weren't rehired.

Robert Rowe, a representative of the AFL American Federation of Teachers, asked the board to call the meeting after the 15 teachers were notified a month ago of the action taken against them.

Warren Ewing, one of the teachers not being rehired, and John Guzzo and Walt Buss, who were placed on probation, spoke. They contended the action was unjust because they

had not been notified of the reasons for it.

After the meeting Deller told reporters that the teachers would be individually notified in writing of the reasons for the board's action.

Most of the spectators were sympathetic with the teachers and applauded their talks. The board's statement was booed.

Ohio Court Enjoins G.E. Mass Picketing

Cincinnati, O.—A court injunction limited mass picketing at General Electric's Evendale jet engine plant today where 5,600 AFL machinists and CIO auto workers began their second month of strike.

GE was granted the injunction yesterday after CIO pickets massed 75 men in front of the plant's gates. Some 7,000 non-union employees caused a three mile traffic tieup trying to get through the picket jammed gates.

Pool Management At Lebanon Named

Lebanon—With approach of the swimming season, the city and school heads under which the municipal pool operates, renamed present board members to govern the activity.

This group includes D. Ayers of Union High, Hugh Wilcox, school district 16; Councilman Glenn Gillenwater, and businessmen Ralph Scroggin and L. E. Arnold.

Gillenwater, chairman of the public property committee, states that the work of filling the large basement on the city library grounds resulting from removal of the old hospital annex has been completed.

How to make good telephone service even better....

You'll spread the news faster if you call by number.... When you're making out-of-town calls you'll find that your calls go through faster—twice as fast—if you give the operator the telephone number you want rather than just the name and address.

That way, you see, you won't have to wait while she calls "Information" to get the number you're calling. So why not keep a list of out-of-town numbers handy—it's surprising how much time you'll save.

yours for the asking this free booklet will keep your local and out-of-town numbers always at your fingertips. For your free copy—just telephone, send a postcard, or drop in to your nearest Pacific Telephone business office.

now you can take calls anywhere in the house ... with handy extension telephones. No more missing important calls, simply because you were in a distant part of the house and couldn't get to the phone in time. You can enjoy extension telephones now—for just a few pennies a day.

 Pacific Telephone

Thousands ask us why
"It's the Water"

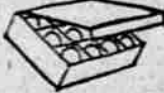

The taste and flavor of beer are greatly influenced by the water used in brewing, every process of which is improved by the waters from our subterranean wells at Tumwater, Washington. Hidden flavors are extracted from the hops and grains—golden color and sparkling life are always present. A more perfect fermentation by the yeast cells is created merely assuring constant purity. These things give Olympia its famous distinctive bouquet and light, sparkling flavor, making it always so acceptable among those who enjoy the finest in light refreshment beverages.

Famous waters make famous beers...

In all the world, there are only a few places where perfect brewing waters exist... at Burton-on-Trent, England, where 13th Century monks discovered that a certain type of water made better beer; at Munich, Germany, noted for its lager beers; and at Tumwater, Washington, where the famous and original Olympia Beer is made.

Most of what we eat is water...

 EGGS 65%	 POTATOES 78%
 BEEFSTEAK 62%	 CUCUMBERS 95%
 MILK 87%	

The earth is 75% water...

If the mountains were leveled off and submerged in the oceans and lakes, the earth's surface would be covered by a solid body of water nearly two miles deep... only a fraction of the earth's drinking water, however, is suitable for brewing.
