

Mt. Angel Men Sponsor Team

Mt. Angel — At the dinner business meeting of the Mount Angel Business Men's club, Monday evening at the Mount Angel hotel, S. C. Schmitt, president, named a committee of three, Leonard Flicker, Leonard Fisher and Ira Herrford, to represent the membership at the funeral services of the late S. Farzy Rose.

Rose, a member of the local club, died suddenly Saturday of a heart attack.

Reports were given on various activities. William Bean, sports committee chairman, reported that the city baseball club will enter the Clackamas county league, comprising eight teams.

Albert Dieker, secretary of the Girl's Amateur Silver Falls Softball League, reported that a meeting held Friday evening in the City hall to discuss prospects for the coming season, with five teams, Mount Angel, Silverton, Salem, Canby and Molalla, signed up to date. Other teams may join the league, with another meeting scheduled for Wednesday, April 22, in the City hall.

Legislative chairman, J. T. Bauman spoke on bills passed by the legislature and regarding a number of bills now pending.

Rev. Father Hildebrand, of St. Mary's parish, reported on the Benedictine Village, cottages for the aged, to be constructed here. Committee members are making plans for an auction sale of donated articles, to raise money for the project.

A report on the 1953 Red Cross drive was given by President Schmitt in the absence of Chairman Andy Schmidt, who is ill in a Portland hospital. The report showed more than \$925 collected in this year's drive, which is a little short of the

anticipated goal. Mr. and Mrs. Otto Lucht, their daughter, and son, Charles, were presented by program chairman J. M. Wagner. Charles recently returned from Korea where he served as an army radio technician, showed colored slides of Korea. He also showed pictures of people and scenes in England, France and Holland, where he visited in 1950, as one of the four American boys in the Future Farmers of America to visit and study rural life in those countries.

Rev. Edward Spear, OSB, principal of Mount Angel Preparatory school, outlined prospects of the school's coming baseball season.

Cost of Gas Will Be Higher

Charles H. Heltzel Wednesday signed an order permitting the Portland Gas and Coke company to apply provisions of the fuel oil price adjustment clause of its tariff, effective with all meter readings taken on or after April 20.

The order, arrived following a hearing held April 9, permits the company to recover the increased cost of oil used in the production of gas, which will add 2.08 cents per thousand cubic feet of gas sold to all customers.

To the residential user, without heating, this will mean an increase in the average bill of approximately 12 cents a month. To the house heating customer, the increase will average approximately 35 cents a month.

Heltzel said that the company's return on its utility property amounts to about five per cent. This increase will not disturb this return and does not recover recent added labor and insurance costs, he added.

Court Acts to License dog

It took an official act of the Marion county court Wednesday to secure a license for a dog owned by a resident without paying the penalty for delinquency following the March 31 deadline.

The man in question, owner of a male dog, wrote the court some days ago that he mailed a dollar bill to the county clerk, covering the cost of the license.

When nothing happened, the dog owner, with the deadline approaching, started to investigate. He learned that the clerk's office could find no trace of the dollar bill. Moreover, he was faced with the necessity of paying an extra two bucks for delinquency, plus another dollar, the cost of a license.

The man settled for another dollar after the court had passed a resolution absolving him from the penalty charge.
