

For a grand buy this weekend—try SAFEWAY CHUCK ROAST

Cut from "U.S. CHOICE" and "U.S. GOOD" grades only

Tender, Meaty Blade Cut!

In one bite you'll discover that here is chuck roast at its very best. That's because it comes from top government grades of United States grain-fed beef—the only kind we offer for sale in our stores. Check trim, too. Note the generous portions of good, lean meat on a Safeway chuck roast.

And just look how you save on this popular beef pot roast this weekend! Here is a main dish fit for a king at a price you wouldn't believe was possible for tender, top grade beef. It's a value combination you can't beat—top quality, superior trim that gives you more meat for your money, less waste—and prices that will fit the skimpiest budget. Try it tonight!

Look For the Federal Grade Stamp
It Is Your Guarantee Of Quality

Judging beef quality by looking at a retail cut takes more experience than most consumers possess. Federal grading gives consumers the benefit of experienced, unprejudiced judgment. It tells you, unquestionably, if you are getting the grade of meat you want. At Safeway you will find this newly designed U.S.D.A. grade stamp on every cut of beef.

Safeway sells only top government grades of beef, veal and lamb because our customers prefer the more consistent quality found in these top grades. This consistent quality permits us to offer our money-back guarantee of complete satisfaction.
