In event of bad weather the concert will be moved to the Salem high school auditorium and a loud speaker system set up to carry the music to persons outside in their cars who cannot get into the auditorium.

The musical group of 100 men will arrive in Salem the afternoon of June 12 and will leave here the morning of June 14.

Africa May Leave Commonwealth

Pretoria, South Africa (AP)—White South Africans have given Prime Minister Daniel F. Malan a strong mandate to maintain white supremacy by means of strict racial segregation.

Under this mandate, given him Wednesday's parliamentary election, Malan is expected also to move steadily toward the eventual declaration of a South African Republic completely independent of the British Commonwealth.

Immediate results of Malan's victory were expected to be: 1. Firm suppression of the native resistance movement to race segregation, with drastic penalties for violation of segregation laws.

2. Renewal of the resistance campaign, suspended during the election campaign, in defiance of the government.

3. An attempt by the Nationalists to override the constitution in order to force through legislation which the courts have held unconstitutional.

4. Increased isolation from the British Commonwealth.

Joryville Park Plans Advance

South Salem — Being studied by the park board of the South Salem Suburban Chamber of Commerce is Joryville Park, for the best possibilities in developments. Chairman of the park board is Chauncey Del French.

Joryville Park is situated five miles south of Salem off Liberty Rd., on the Prospect School road, and three-quarters mile west. The park proper is 1700 feet from the road. It is a 30-acre tract, with natural timber, Battle Creek, over which is a wooden bridge, and a recreation area. The park is 1764 feet wide and 804 feet long. It has all of the characteristics of Oregon. The hilly terrain makes ideal for hiking, horse trails and camping. A portion of the park in the southwest area has been set aside for camping of Boy Scouts, Cub Scouts, Girl Scouts and Brownies, Campfire Girls and Bluebirds.

To the south east section is a high plateau, where one can view the country for many miles and would make a wonderful spot for a lodge. The northern part of the park is the area that is being planned for immediate use. A recreation area, picnic grounds and parking. Grottos, fireplaces with a number of tables and benches each is under consideration. The creek runs along the picnic area.

The Salem Spinning club has asked for a section in which they might put in a wading pool. This could be used for the smaller children, and the club would use it a few times each summer for their spinning tournament, to which the public is always invited. Actual work on the park is planned to begin in May.

The South Salem Suburban Chamber of Commerce is sponsoring a carnival, to be held on May 15, 16 and 17, at the Browning Brothers winter quarters, at Browning Ave., at Liberty Road. Other organizations in the South Salem Suburban area are also participating, and many in and around Salem are being asked for their support. All of the proceeds will go to the development of the park.

Slated for May 2, is a cake baking sale, sponsored by the Liberty Women's club at Dicksons Market, at 12th St. and U. S. 99E. All the women in the South area are asked to participate. The proceeds will go to the park fund.
