AT UO

Events of Spring Highlighted

By ANN CARSON

(Capital Journal Correspondent) University of Oregon, Eugene (Special)—"Aw! where is the sun?" is the most prevalent question at the University of Oregon these days. And we wish that we could answer it.

Regardless of the rain, the plans for the future festivities are under way. First, is Duck Preview, which takes place next week-end. There are about twice as many women as there are men. The first event of the week-end will be the All-Campus Vodvil "Let's Do It Again." After the show our guests will be entertained back at the organizations by group parties or neighborhood parties. An orientation program will be Saturday morning to give the seniors an idea of college life and to organize them for the educational tours which are scheduled for them. More complete scheduling will be out next week.

The annual Junior-Senior breakfast, sponsored by the YWCA and held in honor of the seniors, is to be this Sunday. It will emphasize the theme of international careers for women. Junior women will escort senior women to this traditional affair. Salem seniors who will be present will be: Marjorie Becke, Ann Carson, Mary Swigart, Barbara Farnam, Pat Ulman, Sharon Hamilton. Their escorts will be juniors Joyce Armstrong, Margaret Bown, Dorothy Pederson, Sue Perry, Gail Lochead, Joan Marie Miller, Nancy Miller.

An innovation paper - wise has struck the University of Oregon. The Oregon Daily Emerald is going to be put out at noon instead of the early morning hours. This is a cost cutting program, but what are we to do at breakfast when there are no Emeralds?

Tuesday we played host to Oregon State's traveling assembly and an over capacity crowd. Some of the attenders whose names may be familiar included Ann Ritchy, Bev Saylor, Janet Westfall, Marcia Webb, Loyce Taylor, Connie Hilton, Othelene Lee, Bob Hazel, David Karr, Ray Dvorak, and Jeff Walton.

Oregon now has a Geodetic shelter! No one is quite sure what it is or what it will be used for, but we know certainly that it is here because it weighs 1000 pounds and covers 930 square feet of ground. It is dome shaped, and was designed by visiting Designer-Engineer R. Buckminster Fuller. This project is the first of its kind west of the Rocky Mountains. The most interesting point about this gigantic dome is that it was not begun until eight days ago.

OES Event

Dayton — Electa chapter Order of Eastern Star, met Tuesday evening, April 14, with members of Checowan chapter as special guests.

Honor guests for the evening were Kenneth Pomeroy and Emil Pearson. They were escorted to the east representing their respective chapters.

class of the Christian church, presented a play, the cast including Marlene Paris, Norman Robinson, Mike Hough and Arthur Foster. Entertainment featured a pie walk.

Checowan chapter will celebrate its golden anniversary on May 23. Social club of Electa chapter is sponsoring a mother and daughter banquet to be at the Dayton grade school on April 24.

Following the meeting, refreshments were served in the dining room.
