

TELE-VIEWS

Radio-Television
By DAVE BLACKMER

Election of officers for the next six months was the main order of business at the Television Association of Salem meeting Monday night.

Lew Mitchell was elected president for the second time. Jim Warnock was elected as vice-president, while David Blackmer was installed secretary. Mrs. Glenna Baker was voted in as treasurer. The new set of Board of Directors will consist of Ferd Mattie, Pat Ryan and Paul Brandon. Earl Heider was appointed to serve as program director of the next meeting.

TELE-BITS . . .
The rumors that an acceptable method of color TV will "soon be marketed" are nothing more than so much scuttlebutt.

Some of the big manufacturers have perfected compatible color TV equipment and systems which meet all the requirements of the parties concerned. But the truth of the matter is simply this: no color TV will be launched for several years to come while the demand for black and white TV is so great that the demand cannot be supplied. Opening of new UHF and VHF stations in the objective of TV set and TV cast equipment manufacturers, then later on, when a reasonable degree of saturation is attained through will be given to the introduction of color TV . . . Logical Eh!

Four Corners

Four Corners — Pvt. William Kergil, son of Mr. and Mrs. Peter Kergil is home on a thirty day convalescent leave from Fort Campbell, Ky. He is recovering from meningitis which he contracted while there.

Summer visitors in the Ernest Walker home are his brother and sister-in-law Mr. and Mrs. Klyce Walker of Pea Ridge, Ark. They will visit indefinitely.

Week-end house guests of Mr. and Mrs. Stanley Braden were his mother, Mrs. Rose Miller and his brother Luke Braden and his sister's family Mr. and Mrs. George W. Black, Ronnei and Janice all of Caldwell, Idaho. At a family dinner on Saturday evening the birthday anniversaries of Ronnie and his father were celebrated. Mr. Black a birth date was Sunday, April 19 and Ronnie was three on Monday, April 20. John Braden of Salem was also a dinner guest.

Felicitations go to Mr. and Mrs. Tillman Krefit (Alma Yantis) upon the birth of a son born April 15 at the Salem Memorial hospital. The little lad weighed in at seven pounds and two ounces and has a sister Susan Marie and the grandparents are Mrs. James C. Yantis and Albert Krefit both of Salem.

Mr. and Mrs. Noel Schaberg and family have moved from 4010 State St. to 4398 Market st. They have purchased the new residence.

Complimenting Mrs. Lee McIntire with a miscellaneous shower in her home were Mrs. Oliver Rickman, Mrs. E. F. Hausfeld, Mrs. Cecil Snook, Mrs. E. A. Snook, Mrs. Victor Loucks, Mrs. George Van Leeu-

Lebanon Man Victim of Gas

Lebanon—The body of Merrit Cox, about 65, was found Monday morning in the gas-filled upstairs apartment he occupied at 385 Second street. Coroner Glenn Huston, who investigated along with State Police Officer Harry Hansen, said he believed the death was accidental.

Huston reported the gas in the oven of the stove, but the oven was not lighted. It is believed Cox awoke Sunday morning and attempted to light the stove and then started to dress. Apparently the oven failed to light and the man was overcome before he finished dressing.

Cox was found by George Gearhart, owner of the residence, who lives on the lower floor. Gearhart investigated when no sound had been heard on the upper floor since Sunday morning.

Attempts to locate relatives had not been successful late Monday. The body was taken to the Huston funeral home where services are pending.

10 Roseburg Officers Called

Roseburg (AP)—Ten of 14 police officers involved in the fatal shooting of C. D. Burgoyne two months ago, appeared before a grand jury here Monday.

Burgoyne was killed February 1 in a shooting affray in which police pumped more than 1,000 bullets into his cabin near Riddle. They said he had resisted arrest.

Attorney General Robert Y. Thornton is conducting the investigation before the jury which is made up of four men and three women.

Subpoenas for about 50 persons have been issued, many of them to residents in the Riddle area.

Gov. Paul Patterson directed Thornton to make an investigation of the shooting after a group known as the Douglas County Committee for Justice had protested the slaying.

The committee contended that the shooting wasn't necessary—that tear gas could have been used to get Burgoyne out of his cabin.

Union Official Held On Perjury Count

Silver City, N.M., (AP)—International Representative Clinton P. Jencks of the Mine, Mill and Smelter Workers Union was held in jail here today before being taken to El Paso to answer grand jury charges that he lied when he swore he was not a communist.

Jencks, central figure in the union violence-marked history in Southwestern New Mexico, was arrested by FBI agents at his home in nearby Bayard last night and held in lieu of \$5,000 bond.

A federal grand jury at El Paso, Tex., yesterday indicted Jencks on charges that he made a false statement to the National Labor Relations Board April 28, 1950, when he said he was not a member of the communist party.

GOOSE DOES IT
San Francisco (AP)—California cotton growers have discovered a new weed killer: a goose. They reported that a healthy goose will keep weeds eaten off approximately one acre of land while leaving cotton plants intact.

Hostesses were Mrs. Roy Thayer and Mrs. Don Jacobo.

After unsuccessful attempt to take the burning 7800-ton British freighter Menestheus in tow, the ship is left unmanned on the open sea, a "total loss." The crew of 80 was rescued and taken aboard American freighter S.S. Navajo. Fire of undetermined origin swept the freighter 475 miles southeast of San Diego, Calif., while en route from Balboa, C.Z., to Los Angeles. (UP. Telephoto)

Progress Reported in Treatment of Cancer

Los Angeles (AP)—Sure-fire, 100 per cent cures in rats of the most deadly known form of cancer show "the possibility of someday killing some human cancers with chemicals," a scientist said Tuesday.

Until a few years ago, no drug had cured even a single animal cancer.

The drug is one nicknamed TEM. As yet it has done very little against any human cancers, which are different.

The fact that it cures all of one form of cancer in the rats is important. Equally important is that the scientist is learning how it does this complete curing, something never achieved before.

This animal cure, plus a second one, was described to science writers on an American Cancer Society tour by researchers of the University of California at Los Angeles medical school.

Dr. Riojun Kinoshita, a pathologist, finds that TEM always will cure a special form of cancer, known as Yoshida rat ascites sarcoma. It is the fastest-killing kind of cancer ever

St. Martins Gets Parish Status

Lebanon—St. Martin's Episcopal church has completed its organization in record time and was elevated from mission status to that of parish last week, along with four other missions in the Diocese of Oregon.

The new status signified official acceptance of the congregation to assume all financial obligations of their church. Such independence was actually achieved in May, 1951, but the formal organizing of the parish was purposely delayed until the Corvallis convention. St. Martin's has in reality broken all Diocesan records in that it has been self-supporting for all but the first one and one-half years of its existence.

First service for the new congregation was held in October, 1949. In November, 1950, the parish hall was completed, and in July, 1951, the first resident vicar, the Rev. David W. Gordon, arrived to take charge of the new mission. In October of that year, action was begun to formally organize a parish.

The church has grown rapidly under the direction of Father Gordon, youngest priest in the Diocese of Oregon. Of 350 local members, the figure includes those of St. Francis's mission in Sweet Home, which was opened by the Lebanon church last summer in order to better meet the needs of the parish. Father Gordon also ministers to that mission.

He is a native Oregonian, having spent most of his life in Portland. After he graduated in 1951 from the Church Divinity school of the Pacific, Episcopal seminary in Berkeley, Calif., he came immediately to Lebanon with his bride.

GARDENING TOPIC
Lebanon—Arthur G. Bristol Boquet, until recently professor of vegetable crops at OSC, will address the Men's Gardening club at 8 p.m. on April 22 on the subject of vegetable gardening in the Willamette valley. The meeting will be held in the city hall auditorium.

Cops Come a Running, But 'Twas Only a Dog
Albany, Calif., (AP)—Police-man Glenn Thomson tipped to the home of Mrs. Harold Forster in pre-dawn darkness.

Sure enough, as Mrs. Forster had telephoned, a fumbling attempt to enter the house was in progress.

A large Chesapeake retriever was trying to turn the doorknob with his teeth.

Thompson took the dog to the pound.

Pruitt Dies of Strange Malady

Lebanon — A rare disease diagnosed as infectious neuritis claimed the life Sunday evening of Henry Pruitt, 38, proprietor of the Fir Grove dance hall. He died in Providence hospital, Portland. Stricken March 26 and taken to Portland, he had been confined continually in an iron lung. Until five hours before his death, physicians believed his chance for recovery was good.

He was born September 9, 1914, at Antelope, Ore., and moved to Lebanon in 1927.

Survivors include his wife, Lillian; an infant son, Blair Lester, and another son, Robert William. There are three brothers, Lee, Archie and Ralph Pruitt, all of Lebanon. Funeral services will be

Blame Pranksters for Portland Night Scare

Portland, (AP)—Hundreds of startled Portland residents swamped police and newspaper switchboards Monday night with calls asking about a flaming object that drifted across the sky above the city at about 7:40 p.m.

Roy M. Watson, who sighted the object while he was driving in the southeast section of the city, decided to follow it. He saw the object fall to the ground and when he went to investigate found it was a lighted flare attached to gas-filled balloon.

Police blamed pranksters.

HUBBARD LADIES AID

Not too long ago, you took "pot luck" when you bought oil for your car. It all came out of a big drum. Whether you got the right weight and grade was often a matter of luck.

Today, there are hundreds of separate types of lubricants. Each is engineered to do a specific job in your car. Each is identified clearly for you in an attractive, tamper-proof can.

Oil, of course, isn't the only automotive product that comes in cans today. There are anti-freezes, windshield cleaners, tire-repair kits, nuts and bolts for minor repair jobs. Also waxes and car wash. These are just a few of the products that fill the millions of cans used in Oregon every year.

All are important contributions to the miles of happy motoring you enjoy. Moreover, they bring to American life economic benefits you probably never even thought of. Thousands of jobs, for example, are created. Purchasing power is increased. New businesses are able to get started.

It's true of any business in America—people working together make miracles happen. Consumers, workers and investors have made it possible for the American Can Company to do great things in the past, and to promise even greater ones for the future.
