By DAVE BLACKMER

News comes this way that Freddie Martin will play at Jantzen beach Ballroom Saturday, May 2nd, featuring Stewart Wade, vocal, Murray Arnold piano and the Martin Men.

Martin who has played the band circuit for a number of years and specializes in "good dance music." He has made several radio and television appearances with his band the last two years.

A star studded package "Big Show" which was slated to appear at the Portland Auditorium June 9th has been cancelled. The stars include Benny Goodman, Louis Armstrong, Gene Krupa, Bill Butlerfield, and many others. The show which is currently on tour in the East will not appear at all in the Northwest.

This is certainly sad news for the Oregon Jazz fans and that would have been a terrific night in the Portland auditorium.

Lebanon Plant 'In New Hands'

Lebanon—Timber-Tech corporation officers announce an investment of \$600,000 at the Douglas Fir Products company's 23-acre plant east of Lebanon which was recently bought by the new firm.

Built in 1946, the Douglas Fir plant cost approximately \$800,000, its purpose being to manufacture glued-laminated pallets by the high-frequency gluing method. During recent months it has been used as a lumber manufacturing plant.

It has dry kilns, a resaw, planer and large storage area adjacent to Yellow Fir Lumber company with which a contract has been signed to supply a large portion of Timber-Tech's rough lumber. Other supplies will be purchased from local mills.

Previously Timber-Tech had leased a large acreage on SP&S tracks in the Eugene area, but this plan has been abandoned. The Lebanon site is also on SP&S.

Officers now state that certain plant operations will begin shortly after May 1. Administrative and sales offices are to be in Portland and a nationwide sales organization is being set up with agents and distributors.

Timothy McDonald To Duke University

Timothy McDonald, admissions counselor at Willamette university, has been awarded a graduate assistantship in the history department of Duke university, effective September of this year. It carries a stipend of \$1500.

McDonald, who received his B. A. degree from Willamette in February, will apply his graduate work to both M. A. and Ph. D. degrees. He will study under the eminent historian, Dr. Malcolm Carroll, author of "Germany and the Great Powers."

Prior to his senior year at Willamette, McDonald served as commanding officer of the 1438th engineers and later company commander of the 95th engineer combat battalion at Ft. Lewis. He was with the 179th engineer combat battalion during World War II, serving in the European theater. He was awarded the Bronze Star medal and the Croix de Guerre.
