# LUCERNE MILK

The RICHER Milk You So Long Have Waited For

## AVAILABLE NOW IN SALEM

### Locally Produced

The dairymen producing your Lucerne Milk live right here in Marion County—as a matter of fact, they were producing milk for this market even before Safeway proposed offering its Salem customers this higher quality, richer milk. Our local producers live just a few miles outside of town on Route No. 1. They are: R. L. Hicks, Ivan Merrick and N. J. Nelke. Like all other Lucerne Milk producers, they were carefully selected for dairy farms which are models of cleanliness... and for herds which are noted for producing fine milk.

### Guaranteed Quality

Lucerne always pays top prices to dairy farmers... for providing you extra quality milk day in, day out. Besides receiving the top regular market price, Lucerne dairymen also are awarded an extra price premium for milk free from any off-odors, off-flavors, and for better than required bacteria tests. Special laboratory inspection is made to determine these extra quality premiums. Result is that Lucerne Milk is as wholesome and healthy as it TASTES GOOD!

### Minimum 3.8% Richness

It's the butterfat in milk that determines richness... that determines VITAMIN A and D CONTENT... and increases FOOD ENERGY VALUE. The more butterfat in milk, the more of these good things you get. And Lucerne Grade A is guaranteed to be rich in butterfat—always, in every quart—never less than 3.8%. (All other Lucerne Milk and cream items have similarly high label guarantees.) Look for this Minimum Guarantee Label... Lucerne's Pledge of Quality. Taste and compare!

REMEMBER — Lucerne buys milk for our Salem stores from local Marion County dairymen.
