

TELLS OF MARCH

Sgt. Odie Lawley of Mountain Park, Okla., is pictured as he was interviewed in the Tokyo Army hospital and told about American soldiers who were "punched with bayonets, clubbed with rifle butts and left to die" by their communist captors on a bitter 13-day march through North Korea in sub-zero cold. Lawley was among the first Americans to be repatriated in the exchange of sick and wounded prisoners of war at Panmunjom. (AP Wirephoto)

Dental Bldg. Strikes Snag

Portland (AP)—Unless the state emergency board finds a solution to a money problem, construction of a new state dental school in Portland may be delayed.

That is what the state board of higher education was told Monday by Chancellor Charles D. Byrne. He said the board had planned to use all of the \$2,200,000 appropriated by the legislature for construction of the new school and to use proceeds from the sale of the present building for equipment.

But the board's building committee learned Monday that the joint ways and means committee had stipulated that funds from the sale of the old building be deducted from the new school's operating budget.

The building committee decided to recommend that the board go ahead with its plans and hope for a way and means committee reversal by the state emergency board.

Polish Pilot Flies for U.S.

Munich, Germany (AP)—Lt. Franciszek Jarewski, a Polish Air Force pilot who escaped to the West in a Soviet MIG-15, left here Tuesday by plane for the United States.

He said he would catch a plane in London Wednesday for America, where he will take part in several Polish-American celebrations.

The 20-year-old pilot said he wanted to join the U. S. Air Force, if possible, so he could go to Korea to fight the Communists.

U. S. Air Force authorities said Jarewski could enlist in the Air Force after applying for naturalization papers and then train as a crew member pending a possible commission.

The MIG-15 which he flew to Denmark's island of Bornholm last month was the first such undamaged jet which Allied experts have been able to examine.

Bequest for Hospital Accepted by Board

Portland (AP)—A bequest of \$47,736.97 to the University of Oregon medical school to be used for the unrestricted benefit of the Doernbecher Memorial hospital for children was accepted by the State Board of Higher Education today.

The gift was part of a total of \$130,926.94 in gifts and grants accepted by the board for its eight campus instructional units. It was received from the estate of Nina Bell.

Four other grants to the medical school, totaling nearly \$47,000, also were received.

Banks Increase Interest Rate

Portland (AP)—Portland banks Monday increased the prime interest rate for loans to 3 1/2 per cent.

The increase from 3 per cent followed the lead set earlier by New York banking houses.

The prime rate is the minimum at which banks will lend money to customers with the best of credit ratings.

Other interest rates will be increased, bankers said.
