

Two Lebanon Firms Adopt Fast Time

Lebanon—Local industries are basically on standard time for the summer, but two major firms have advanced starting hours for shifts to conform with California headquarters.

Santiam Lumber company here and in Sweet Home advanced shifts 30 minutes with the days crews at 7:30 and ended at 4:30.

Crown Zellerbach paper mill's office workers and supervisors will come to work an hour earlier mornings, working from 7 a.m. to 4 p.m. The change will be effective May 4, and is done to conform with daylight schedules of headquarters in San Francisco.

No time change has been indicated for the big Cascade Plywood corporation plant.

Deviation from standard time is not expected in local stores and businesses.

Albany Names Honor Students

Albany — Charles Reynolds was chosen valedictorian of the 1953 class at the Albany Union high school, and Neil Causbie salutatorian, it was announced Friday by Arnold Hagen, high school principal.

The selections are made on the basis of scholarship and for the first time in several years the two top places have been captured by boys. Both boys made nearly perfect grades during their four years of high school.

Reynolds recently won the northwest championship in the merican Legion oratorical contest. Causbie is president of the high school student body and also active in speech department. He also played center on the team that represented Albany in the state championship playoffs in Eugene this past year.

The Washington Redskins in the National Football League have won exactly 100 games since they began playing in the nation's capital in 1937.

FLIGHT FROM A SKYSCRAPER

Miami police (below) question Teddy Wilson, who fell five stories in attempting escape from Dade County jail. Above, policeman holds rope fashioned from bed sheets, leading to the jail. George Anderson, a slayer, made good his escape. (UP Telephoto)

Silverton Sets School Budget

Silverton — Members of the budget committee and representatives of the members of the board of directors of Silverton public school district No. 4, are preparing the budget of the schools for 1953-54.

Jim Ekman is serving as budget chairman, assisted by Leo Lund, secretary; and Dr. Virgil Pettit, Olaf Paulson, Jr., and Ted Burian. Members of district No. 4 board assisting with the completion of the budget were Norman Naegell, chairman; and Ted Rutherford, A. D. Bollinger, Dr. E. L. Henkel and Herman Gosrcle.

The designated date for the proposed budget and the question of whether the kindergarten shall be included within the school system, are to be up to the people for a vote, Saturday, May 23, at Eugene Field school gym.

A third issue for the voters to decide is the sanction of \$5,650, for operating the kindergarten program within the schools. This amount is not a portion of the main budget and will be an additional levy.

The entire budget estimate for the school year will be \$312,349.92, an increase of \$34,187.53 over that of the past school year. The cost of instruction in the proposed budget amounts to \$205,102.70, an increase from \$193,877.91, of the past school year.

Facts given calling for the increase in budget figures in brief include installation of a new heating plant in Eugene Field building; employe pay increase of some \$7,700 with teacher pay increases from \$75 to \$300 a year; \$1,000 allotment for new equipment; and hiring an additional first grade teacher for \$3,500 yearly wage.

Silverton Has New Teachers

Silverton — Howard Balderson, superintendent of the local schools, has employed three new teachers for grade instruction in the Eugene Field building for the coming year.

Carl Jorgenson will teach in the sixth grade.

Miss Willetta Freeman and Mrs. Joann Jarnagan-Aumatz are to be assigned to the second and third grades, the designation of each to be decided later.

Another item of local school interest, is the circulation of petitions in both the Evens Valley and Silverton districts for approval of consolidation of districts.

All district 4 voters are being reminded of the regular school vote, May 23, Saturday afternoon and evening, at the Eugene school building.

Strawberry Fair to Have Art Exhibit

Lebanon — Artists of the Santiam area are planning an initial exhibition during the strawberry fair, June 4-6. They plan to show oils, water-colors, pen, pencil and charcoal sketches and other types of their work.

The Lebanon Garden club has allotted a space in the old Cornet building.

Mrs. Florence Jordan is receiving requests for space in her Central Lane studio.

No judging will be done and no entry fees charged since this first showing is an informal basis, but all interested artists are urged to contact Mrs. Jordan soon in order that space may be planned.

Marble Champs Vie at Dallas

Dallas—With spring come marbles, and perhaps from an understanding Jupiter Pluvius comes fair weather so that the little globes can be chased with dry knees and clean knuckles. That was the hope in Dallas, for city wide elimination matches were scheduled for this week-end to choose Dallas representatives at the state marble tournament at Portland later in the month.

But, as so often happens, the weather has turned wet forcing postponement of some of the matches.

In the event that Saturday is fair, the tournament scheduled for the Junior high school will take place on Saturday as scheduled.

The eliminations for the Morrison and Lyle schools, however, will be postponed one week, according to V.F.W. committee Chairman Amos LeFors.

It is expected that Morrison school students will compete on Thursday and Lyle students on Friday, May 7 and 8. On Saturday, May 9, the winners from all three schools will compete at the Junior High School grounds to choose those who will go to Portland.

YEARS AHEAD

In Planning for Your Motoring Needs

Man's first rocket trip into the vast reaches of outer space still lies in the future, but today's scientists are working years-ahead to make that dream come true.

In the same forward-looking spirit, Richfield today is making years-ahead petroleum products to give your automobile better performance and longer life.

Richfield years-ahead quality begins with extensive laboratory research and continues with advanced production methods in Richfield's great refinery. And before any Richfield product reaches your car, it passes exacting road tests that prove its years-ahead performance under every driving condition of road and weather.

Among Richfield years-ahead products that are yours today are Richfield Rust-Proof Gasoline, the West's only gasoline that prevents rust and corrosion throughout your car's fuel system... Richlube H-D Motor Oil, the high detergency motor oil that cleans and protects the engine as it lubricates... and long-wearing Richfield lubricants that give smoother, quieter riding.

So it is literally true that Richfield's traditional years-ahead planning is giving your car superior performance today.

See your Richfield Dealer regularly—you'll be years-ahead in motoring satisfaction!

If it's RICHFIELD it's RIGHT... because RICHFIELD is Years-Ahead!

RICHFIELD

DO YOU KNOW YOU PAY 8¢ TAX ON EVERY GALLON OF GASOLINE? BEFORE TAXES—GASOLINE COSTS NO MORE THAN 25 YEARS AGO

YOU ARE WRONG DARLING, I'M NOT EXTRAORDINARY. I KNOW THE CAR LOOKS LIKE NEW, BUT IT'S A USED CAR I BOUGHT AT MARION MOTORS. I REALLY SAVED MONEY!

You can please your wife—balance the budget—and still have a newer model car! See us today for trade-in values on your old buggy.
