

COW GIRL

Frances Knight, manager of radio station in Madison, Ind., has two radio programs daily just for cows. They are scheduled at milking time. Frances told a NARTB convention meeting in Los Angeles, "Strange," but Holsteins prefer quiet music. Other bovines "get sent" with jazzy-tunes. (UP Telephoto)

Fight Against Spittlebug Due

A check of strawberry fields for the presence of spittlebug should be made immediately, reports D. L. Rasmussen, county extension agent. Many growers having river bottom or valley floor plantings have already dusted, adds the agent. Use of 5 per cent methoxychlor dust at the rate of 40 or 50 pounds per acre is the principal control method. Others have used rotenone or DDT dusts.

Spittlebug nymphs will be found feeding on the flower clusters or the base of the leaves.

In parts of Marion county, strawberry fruit worms have caused some damage in past years. Methoxychlor dust is recommended for control of this pest. Rotenone is not so effective, states Rasmussen.

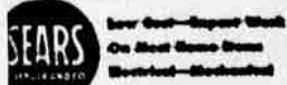

One properly timed methoxychlor dust will control spittlebugs and partially control fruit worms. Another methoxychlor dust will be necessary about May 20 in fields having a history of fruit worm damage.

Cattlemen to Meet Portland, May 11

The Oregon Cattlemen's association will hold their annual meeting in Portland May 11, 12 and 13. This marks the first time this meeting has been held in western Oregon. The program will include a cowboy breakfast at the Meadows race track the morning of May 12; the annual banquet and attendance at the Joe show the evening of May 12 and a general discussion of cattle production and marketing.

Conservation Poll To Be Held May 21

The State Soil Conservation committee, according to Robert Baum, executive secretary, ruled favorably on the recent hearing of the proposed addition to the Santiam Soil Conservation District. This addition covers that portion of Marion County located in the vicinity of Jefferson, Talbot, Wintel and Sidney. The referendum on this proposed area will be held on Thursday, May 21, from 1 p.m. to 8 p.m. The exact polling place has not yet been determined, but it will probably be held in the city hall at Jefferson.
