## Merger Sought By Buena Vista

Dallas—The Folk county district boundary board met with a group of petitioners from Buena Vista Tuesday to act upon a petition of Buena Vista property holders to annex the bulk of the Buena Vista school district to district 13-C of Independence-Monmouth.

The petition resulted from the defeat of an election held earlier this spring to consolidate with district 13-C. "The petitioners represent some \$202,000 of the assessed value of \$222,000 for the Buena Vista district," says Polk County Superintendent F. C. Green.

The boundary board decided to take the matter under advisement until it has had time further to investigate the issue involved. The issues that will determine the eventual outcome of the petition include: adequacy of the present Buena Vista school facilities, more definite arrangements with district 13-C concerning a definite commitment about maintaining the first four grades at Buena Vista, and the examination of a possible consolidation with the Saver district.

## ACORNS FROM THE Oak Rooms

WITH DEL MILNE

Brother that's what we like to hear. I was nosing around in the Oak Room yesterday and a fellow sitting at a table close by said to his friend, "Say what do you suppose a tenderloin sandwich is?" Well after a little more conversation the gentleman ordered a tenderloin sandwich and when the waitress brought it to him he exclaimed "Yegads Bob look what they call sandwich, if that is a sandwich what do you suppose a steak order looks like?" Needless to say the fellow was extremely pleased just as everyone is who orders one of these specials. I'm not going to try to tell you everything you get but I will say in all sincerity that you will be happily surprised and completely satisfied with one of our, so called, sandwiches. Of course if you are as "hungry as a horse" open the hayloft door and order the works, we have a meal for every appetite.
