Ingredients: 4 medium-size baking potatoes, (about 1 1/4 pounds), 1 teaspoon salt, pepper, 1 tablespoon parsley, 1/2 cup firmly-packed grated cheddar cheese, 3 tablespoons butter or margarine, 1/4 cup cream.

Method: Peel potatoes, cut into strips about 1/4 inch thick. Place potatoes in center of a large piece of heavyweight aluminum foil. Sprinkle with salt, pepper to taste, parsley and cheese; dot with butter. Turn edges of foil up, and pour cream over potatoes. Bring foil up over potatoes and fold edges together to make a tight package. Place on cookie sheet or shallow pan and bake in hot (425F) oven 40 minutes. Transfer potatoes in foil to serving dish. Potatoes will absorb some of the sauce and the rest may be spooned over them. Makes 5 servings.

**Miss Newman and Mr. Baker Are Wed**

Amity — The garden at the home of Mr. and Mrs. Herman W. Zimpelmann in Santa Ana, Calif., was the setting for the marriage of Miss Doris Ethel Newman to Robert Frank Baker, Friday evening, May 22. The bride is the daughter of Mr. and Mrs. T. V. Newman of Amity and Mr. Baker is the son of Mrs. Flora Baker of Waggoner, Illinois.

The double ring ceremony was performed by the Rev. Oran H. Smith, director of the missions department of the Bible Institute of Los Angeles and pastor of the First Baptist church in Fullerton, Calif. Leonard Hillstrom of Los Angeles, sang. He was accompanied at the organ by Miss Peggy Van Aast of Tacoma, Wash.

A white picket arbor covered with pink and white ivy geraniums with ferns on either side provided a background for the ceremony. The bride, given in marriage by her father, wore a dress of white slipper satin with a short train. The fitted bodice had a sweetheart neckline and the long sleeves ended in points. Her fingertip veil was of silk netting and was held in place by a wreath of orange blossoms first worn by the bride's mother. She carried a crescent shaped bouquet of white rosebuds and stephanotis, centered with a white orchid, with streamers of white satin ribbon. Her only jewelry was a strand of pearls, a gift of the bridegroom.

Mrs. Eugene Ussilton of Dallas, Texas, matron of honor, was the bride's only attendant. She wore a dress of yellow net over faille. It was designed with scalloped yoke and peter pan collar. Her bouquet was of lavender daisies, also crescent shaped, with yellow streamers.

Best man was Eugene Ussilton of Dallas, Texas. Ushers were Ralph Paulson of Phoenix, Ariz.; Gene Newman of Amity, the bride's brother; and Roy Zuck of Phoenix, Ariz.

The bride's mother, Mrs. Newman, wore a forest green dress of French crepe with pink accessories, and an orchid corsage.

A reception followed the ceremony in the patio.

The couple is now on a wedding trip to Silverado canyon in southern California. After the middle of June they will be at home in Majagua, Camaguey, Cuba, where they are going as missionaries under the Practical Missionary Training, Inc., board. The bride attended schools in Amity and Mr. Baker was graduated from Waggoner high school in Waggoner, Ill. They both will graduate from the Bible Institute of Los Angeles this June.

**Tack Room Exhibition Of Interest**

**By LANETA KING**

Salem's high school students have hung a large showing of their art work for the first time at the Tack Room gallery, 2945 Fisher Road, which opened Sunday, May 24. This exhibit of the "Paletteers" will attract both those interested in young people and those interested in art. Especially for those who have become a little soured by sensational reports of the rather dubious activities of a very few, it is encouraging to see this more positive side of an even greater number of teenagers.

It is a diverse show packed with whimsy, solemnity and including maturity. From an amusing set-up at the entrance, which features a colorful barber-pole seemingly stuck diagonally into the lawn, through the Gallery crammed with paintings, prints, collages, ceramics, weaving, wire-sculpturing and even a coffee table, the display is here for possibly the best of all reasons—the artists wanted to do it.

The striking variety of both techniques and approaches, even in any one selected artist, indicates good fundamental art training. To the credit of our schools, students are not being forced into dull, stifling molds, but encouraged to learn and experiment with as many facets of the tremendous field of artistic activity as is possible. From such a foundation, we can expect to see the emergence of truly original artists rather than stereotyped imitators who can hardly be termed creative. We are looking forward to another such showing next year.

This exhibit is open to the general public and will run through this week until May 30. We suggest you see it for it is hard to come away with less than an optimistic view of the future of art in general and young people in particular.
