Several playoffs this last week, including two on Tuesday nite at the Capitol Alleys. In the Major league playoffs, the Brennan Tree Service team, first half champions came from behind to win the Major league title from the out of town Northwest Poultry gang in one of the closest league rolloffs in many a year. Captain Tom Brennan led the assault with a big 615 series including one of the finest clutch games this writer of the worth of the league title from the out of town of the closest league rolloffs in the first inning, then went on to win 11-7. Starter Vic Raschi was knocked out in the big innings when Gus Vernial Burden who loss "Man Mountain Dean," Scarborough pitched six-hit ball thereafter.

Also rolling off last wek were the two half winners in the Capitol Mercantile No. 2 League with Valley Oil losing to the Sears Homart squad, also by the slim margin of 27 pins. I never thought I would live to see the day when some printed words of mine would be twisted, misquoted, etc. but it seems so. So, just for the record, maybe I had better set Brother Brownie straight. We do not want to bar any veteran who can still carry an average because thy have proved many times that they can still shoot in the clutch as Don Poulin proved by winning the City Singles Championship. We still maintain that there are too many bowlers in the league who do not belong and Pinky Hartwell, Don Poulin, and a few others are very definitely NOT of that group. Pinky had a great year, and averaged right at 190 in every league in which he bowled. However, in case Brownie has forgotten, Mike Mery rell carried the high average in the city, a 191 in the Tuesday nite league at the Capitol and a member of Brownie's own team, John Glodt, carried a 190 at the U-Bowl so Pinky, all credit due him, very definitely did not have high average in the city this year. We will continue to give you nothing but facts and we would like to reiterate again that we have a rival here in the city, but absolutely no competition.

See you all soon as a golfer? We hope.
