

DUE FOR FACE-LIFTING

Old blockhouses in Dayton city park, which will be repaired through efforts of the Dayton Civic Club and the City of Dayton. The block house originally was built on the Grand Ronde reservation in 1855-56 and was occupied by U.S. Army troops in 1856. It was abandoned in July, 1865. It later was used as a jail and finally became a pig sty. It was moved to its present site in Dayton in 1917 with special permission of the government.

Push Sanitation In Polk County

Dallas — Walter Fitts, Polk County Sanitarian, reported today that the wide spread practice of rural residents allowing septic tanks and even untreated sewage to flow into highway drainage ditches was causing his office considerable trouble. As many as five or six of these outlets per mile have been uncovered by road maintenance crews in recent weeks. Legal action has not been found necessary to remedy any of these situations to date, offenders bringing themselves into compliance with the state code on being approached on the subject. Fitts reports that the restaurant situation in the county is rapidly improving from a sanitation viewpoint with the worst offenders closed for repairs and alterations that are designed to bring their operations up to the standard prescribed by state law. Trailer courts and auto parks continue to give trouble, as do certain farm labor camps in the county; many of these establishments are notorious for their lack of adequate sewage disposal and sanitation facilities. The sanitation officer has not started making his rounds on an official basis following a period of visiting and pointing out defects in the sanitary aspects of operations. Response has been excellent to this get-acquainted program according to Sanitarian Fitts.

Governor Gets Safety Award

Gov. Paul Patterson today held a special citation given the state of Oregon in the 14th national industrial protection contest. Patterson received the award from former Gov. Charles A. Sprague, representing the American Automobile Association and the Oregon State Motor association. Oregon's citation resulted from the reduction in the number of pedestrian deaths in traffic accidents from 89 in 1951 to 81 in 1952. The citation also was a reward for the excellence of the record made by the state traffic safety division, headed by Capt. Walter Lansing and the work done in the division by James R. Banks, assistant director in charge of the pedestrian protection program.

FIRE DESTROYS TRUCK

Dayton—About 3 a.m. Tuesday morning, the GMC service pickup of Gordon Matthews was gutted by fire in the driveway of his home, on Palmer Lane. A passing motorist noticed the burning car and the fire department was called. The pickup is a complete loss. There are about a million strands in a human optic nerve.

2 Men Arrested on Statutory Charge

Lebanon — Two men are in the Linn county jail on charges of statutory rape involving 10 and 13-year old girls. Basil Francis Carleton, 47, who listed a Eugene address, was arrested Saturday evening by Deputy Sheriff Wade Collins and State Police Robert Rissman. He is charged with rape of a 10-year old Lebanon girl. Police said parents of the girl left her in a locked car at a local night club while they were inside about 3 a.m. Saturday morning. The man reportedly broke the window to gain access to the car. The act was not discovered until parents returned to the car and the man had fled. Carleton was booked tentatively on a charge of contributing to the delinquency of a minor, but this was changed Monday to the rape charge following an examination report from the physician who attended the child. The other man is E. L. Hunter, about 33, of Scio, who is accused of raping a 13-year old girl on the old Salem highway north of Albany, about noon Saturday, said District Attorney Courtney Johns.

Nudist Booth But No Nudes

Portland O.R.—There will be a nudist booth at the Oregon state fair next month, but the exhibits won't be in the flesh. Fair Manager Leo Spitzbart, asked about plans of the American Sun Bathing association to have a booth at the fair, said the exhibits would be "just pictures." And, he added, "pictures of scenery, not people."

Johns said the alleged attack occurred along the railroad tracks. Hunter was arrested Monday morning at work.

Pasturing hogs saves labor and helps maintain soil fertility besides producing pork at less cost. There are usually fewer runs in pasture-fed litters.

Weary Feet Perk Up With Ice-Mint Treat
