Appointed to serve as principal over both the Long street grade school and the Sweet Home Junior high school is Archie D. Cleveland, who has been an elementary school principal in Spokane, Wash.

Cleveland replaces George Gwinn who resigned at the close of the school year and is now teaching in Africa. George Sioniger was the Junior high principal but will now hold the position of vice-principal of the Junior high school.

David Barker, who has been vice-principal of an elementary school in Ashland and a supervising instructor at Southern Oregon College of Education, will replace H. P. Franklin, as principal of Oak Heights grade school.

Ray Malone, who has been teaching at Holley school and who is a former supervisor of elementary schools in Lincoln county, was named the first principal of the Pleasant Valley school which was recently completed.

Harry Moffitt, for the past three years a sixth grade teacher at the Oak Heights school, was named principal of the new Hawthorne school. Moffitt formerly served as high school principal in Weiser, Idaho.

The school board named Evelyn Barker, wife of the new Oak Heights principal, to the position of elementary supervisor here. She replaces Charles Edwards, who was originally hired to the post but who resigned to accept the principalship of an elementary

school in Corvallis. Mrs. Barker has also been serving as a supervising instructor at Southern Oregon College of Education.

Paul G. McLain, a graduate of the Chicago Musical school who has been teaching in South Bend, Wash., was appointed band and chorus director and music supervisor for District 55.

Resignation of two grade school teachers, Judith Forten and Mary Carlton, were accepted.

District 55 School Superintendent William Meldinger, said Tuesday, September 8, has definitely been set for the start of the school year for the grade school. An initial teachers' meeting has been set for 9 p.m. September 4, in the Long street school gym and registration for all grades will be held between 1:30 and 3:30 p.m. the same day. Students are to register at their respective schools.

The first County Institute, to be held in Sweet Home, has been scheduled for Thursday and Friday, September 10 and 11. During the first week of school, pupils will attend school only on Tuesday and Wednesday, September 8 and 9.

Meldinger said construction of a four place garage on Oak Heights property was authorized by board members Tuesday night. The structure is expected to cost \$5,100.

Supplies Destroyed In Fire Near Albany

Albany—An estimated \$4,000 to \$5,000 worth of lumber, plumbing fixtures and electrical supplies, stored in two sheds in North Albany, were destroyed by fire yesterday afternoon when sparks emitted from a tractor operating in an adjacent field started a grass fire extending over several acres.

The building supplies were owned by Mrs. Delmar Luper, RFD 4. It had not been determined whether the loss is covered by insurance. Fire Chief Don Hayne said. He provided the estimate of the total damage after conferring with Mrs. Luper.

The fire started in a field leased from Mrs. Luper by Virgil Williams when Williams' tractor produced the sparks. Little of the Williams' field was burned over, but the fire spread through several acres of grass and two acres of vetch to the storage sheds.
