Unander Says State Cars Lack Seals

State Treasurer Objects to 'Cloak and Dagger' Investigators

By JAMES D. OLSON

State Treasurer Sig Unander Tuesday charged that many state-owned cars were being operated without the seal of the state on the sides of such cars.

Unander said that there were altogether too many "cloak and dagger" investigators running around the state. In addition he charged that many state cars, by his own observation, were being used at night for social calls around Salem.

His charges, made before the board of control's weekly meeting convened, were directed at Harry Dorman, director of the department of finance and administration.

Dorman said that the only cars excepted from a ruling that the seal be displayed on each side of the state cars, were those operated by the state parole board and the state liquor control commission. The parole board, he said, must frequently run down parole violators and the liquor commission cars in question are used by investigators, whose work would be nullified if identity of the cars were known.

Report Requested

Dorman asked Unander to report license numbers of any cars he noted without the state seal and the state treasurer assured him that he would do so.

"There are just too many of these cars without state seals operated at the present time," concluded Unander, "and steps should be taken immediately to correct the situation."

75 More U. S. PWs Released

Panmunjom (AP)—Seventy-five more Americans streamed back today as the great Korean war prisoners exchange entered its third week.

Besides the Americans, the Reds turned back 75 British and 300 South Koreans—50 more than the 400 daily the Reds originally promised.

Again tomorrow, the Communists planned to step up deliveries. They said they would return 458 Allied captives—75 Americans, 75 British and 300 South Koreans. It will be the largest single group returned.

In 14 days, the Reds have returned 1,105 of the 3,313 Americans they claim they held, a figure far less percentage-wise than number of Brits—370 of 921—returned.

Brig. Gen. Ralph Osborne, chief of the Munsan Provisional Command, said the number of Americans repatriated probably will increase when the Reds start emptying the next prison camp.

75-Cent Minimum Wage for Women

Women and minor office workers will be guaranteed a minimum wage of 75 cents an hour after October 13, Labor Commissioner W. E. Kinsey announced Monday.

The 75-cent hourly minimum was set last week-end by the State Wage and Hour Commission which regulates employment of women and minors in Oregon industries. The new rate was adopted after a series of conferences and public hearings which began last spring.

Other new provisions for office employees order time and one-half pay for Sundays and legal holidays and mandatory 10-minute rest periods in the middle of each four-hour work period.

Automatic Found in Klamath Falls Cell

Klamath Falls (AP)—Jailers here found a small French automatic pistol Tuesday in the cell of a man being held on an armed robbery charge.

The prisoner, Richard Lewis Bridwell, 23, was searched by two state policemen, a jailer and a sheriff's deputy before being placed in the cell Saturday. But he said he was able to conceal the gun under his belt.

TAMMANY CHIEF

Edward J. Flynn, 61, long time Tammany boss of the Bronx, New York, who died last night at Dublin, Ireland.

Boss Flynn of Tammany Dies

Dublin, Ireland (AP)—Edward J. Flynn, 61, former national chairman of the U. S. Democratic Party, died in St. Vincent's hospital here Monday night.

His cause of death was not immediately announced. He had been ailing for some time, however, and his condition apparently worsened.

Flynn sailed from New York for Ireland July 25 aboard the Mauretania. He went aboard the liner in a wheel chair. His wife and daughter, Sheila, 17, sailed with him.

The Flynn's were staying here at the home of Chief Justice Connor Maguire, long a close friend. Flynn himself was of Irish ancestry.

Flynn's long and colorful political career hit its first high spot in 1932 when he was a key figure at the Democratic National Convention. With Farley, he was credited with getting the nomination for Roosevelt despite the opposition of Tammany Hall.

He succeeded Farley as Democratic National Chairman in 1940 and directed the President's precedent-shattering and successful third term campaign.

Flynn was born Sept. 22, 1891 in the Bronx. He leaves his widow and three children.

260 Mexicans Ill of Poison Food in Cal.

Merced, Calif. (AP)—Nearly 260 Mexican farm workers were treated for ptomaine poisoning, apparently the result of eating meat sandwiches left in the sun.

Hospital facilities in the Merced area were swamped with patients.

At least 217 Mexicans were at Merced general hospital and 42 others were taken to Mercy hospital.

Two men were in critical condition and 15 others were seriously sick. Hospital attendants said the others were "miserable" but in no danger.

Catholic Dignitaries To Meet in Pendleton

Pendleton (AP)—Roman Catholic dignitaries from four Northwest states and Alaska will be here Sept. 19-21 for the 7th regional confraternity of Christian Doctrine, the Rev. John J. O'Hara, S. J., said Tuesday.

The Rev. O'Hara, pastor of St. Mary's Church here, is chairman of arrangements.

Masked Gunman Kills Mass. G.O.P. Leader

Holyoke, Mass. (AP)—Alderman Henry H. Noel, 71, prominent in Massachusetts republican activities, was shot to death early Tuesday by a masked gunman who broke his way into the Noel residence.

Noel was shot in the heart with a revolver as he was heading down a flight of stairs from his bedroom with a .22 calibre rifle in his hands.

Noel and his wife were awakened by the noises the gunman made in jimmying open a downstairs window.

Mrs. Noel said her husband grabbed the rifle and headed downstairs but got only halfway down when the masked man fired a shot.

GPO Worker Who Refused To Talk Fired

Suspension Quickly Follows Refusal to Answer Query

Washington (AP)—A Government Printing Office employe was suspended today within an hour after he refused to tell senate investigators whether he is a communist, has stolen secret government documents or has engaged in espionage.

The employe, Edward M. Rothschild, 42-year-old book-binder, refused on grounds of possible self incrimination to answer questions by Sen. Joseph R. McCarthy's permanent investigating subcommittee.

"Your refusal is telling the world that you have been stealing secrets, that you are a member of the party and that you have engaged in espionage," McCarthy told Rothschild.

Pay Cut Off

Less than an hour later, Deputy Public Printer Philip L. Cole suspended Rothschild from his job without pay pending the outcome of "congressional action" in the case.

9 New Fires, All Controlled

Oregon had nine new fires Monday in the forest areas controlled by the state forestry department, but all were controlled and to date none of the Oregon fires have been serious.

Two of the fires were logging fires, but both were small. One was in the Clackamas-Marion district and one was in Douglas county.

The seven other fires were all lightning fires and all were in the Northeast Oregon district. One of these fires was 10 acres in size and another 23 acres. Altogether the seven fires covered a 25 acre area.

Forestry weather reports indicated that there would be little change in temperature and humidity Wednesday. However, it is not considered critical fire weather though the hazard remains and there will be westerly winds in this area. Along the coast strip there is a possibility of some moisture.

Democrat Committee To Welcome Adlai

Washington (AP)—Chairman Stephen A. Mitchell today issued a formal call for a meeting of the Democratic National committee in Chicago September 15.

The committee meeting, first since last November's election, will be held in connection with a two-day Democratic rally to welcome Adlai E. Stevenson home from his world tour. The party's 1952 standard-bearer will make a nationwide radio-television broadcast from the rally.

PLEA FOR GREEKS

Geneva, Switzerland (AP)—Hugh Gibson, director of the inter-governmental committee for European migration, urged Canada, Australia and the United States Tuesday to accept as immigrants some of the 100,000 Greeks made homeless by earthquakes in the Ionian Islands.

Masked Gunman Kills Mass. G.O.P. Leader

Holyoke, Mass. (AP)—Alderman Henry H. Noel, 71, prominent in Massachusetts republican activities, was shot to death early Tuesday by a masked gunman who broke his way into the Noel residence.

Noel was shot in the heart with a revolver as he was heading down a flight of stairs from his bedroom with a .22 calibre rifle in his hands.

Noel and his wife were awakened by the noises the gunman made in jimmying open a downstairs window.

Mrs. Noel said her husband grabbed the rifle and headed downstairs but got only halfway down when the masked man fired a shot.

Mrs. Noel said the gunman booted through a locked screen door in his escape. The force of the man's plunge knocked the screen several feet away.

Mrs. Noel said she ran down in time to get fleeting glimpse of the gunman, whom she described as tall, slim and young and wearing a soft hat, a sports jacket, slacks and a handkerchief mask.

One of the first on the scene was Dr. Frank Mahoney, the Noel family physician who lives two doors away. He said Noel died almost immediately.

Russia Challenges U.S. Peace Plan

RETURNS TO FACE INCOME TAX CHARGES

Harold J. Adonis, right, former executive clerk in the office of New Jersey Gov. Alfred E. Driscoll, is escorted from the pier today after his arrest by U. S. Deputy Marshall Stanley Miller, left, on charges of income tax evasion. Adonis returned voluntarily from Rotterdam aboard the liner Veendam and was clapped into handcuffs immediately after he stepped from the ship. (AP Wire-photo.)

Like to Fly to N.Y. Tonight

Denver (AP)—President Eisenhower put his vacation in temporary mothballs today to fly to New York for talks with state politicians and enemies of discrimination in the federal government and to dedicate a \$32,000,000 housing project dear to his heart.

The chief executive, after a day in his summer White House offices at Lowry air force base here and possibly a round of golf, was scheduled to take off at 10 p.m. PDT for an overnight flight to New York City.

He scheduled a full morning of conferences for tomorrow, including a meeting with members of the new government contract committee dedicated to preventing discrimination in employment by government contractors.

New Liquor Outlet Slated

Salem will have a privately operated liquor agency about Sept. 1, according to announcement Tuesday by W. H. Baillie, administrator for the Oregon Liquor Control Commission.

The operator of the agency will be Raymond G. Moon, well known Salem salesman in the electrical appliance field as well as real estate.

The agency will be located in the Arden building at South Commercial and Kearney Sts.

In making the announcement Baillie stated that there was a need for relieving the pressure on the state operated liquor store on Court street, where traffic regulations made it difficult for patrons to park.

The agency, similar to those located in Dallas, Silverton and other communities of comparable size, will operate exactly as state owned outlets as to hours and prices of commodities. The agent will receive a commission on his sales.

Port of Portland to Start \$587,000 Work

Portland (AP)—The Port of Portland Monday decided to begin work next month on filling the former Alderwood golf course to raise the land to the level of the International Airport here.

The work will cost \$587,000. The port recently bought the golf course for an addition to the airport.

VICTIM OUT OF DANGER

Lake Arrowhead, Calif. (AP)—A 25-year-old airline stewardess, who lost her left arm and left leg from being mangled by a motor boat propeller, was reported "out of danger" today.

Russia Wants 'Neutral' Countries Represented

By MAX HARBELSON

United Nations, N. Y. (AP)—Russia proposed Tuesday that the Korean peace conference be made up of five so-called neutrals and six of the countries which fought in Korea. This challenged the U. S. concept of the conference.

The United States insists that the conference be limited to countries which actually fought in the conflict, with Russia a possible exception. The U. S. position is that Russia can take part—if the Chinese Reds and North Koreans want them.

The Soviet proposal called for participation of the United States, Britain, France, Russia, Red China, India, Poland, Sweden, Burma, North Korea and South Korea.

Before the proposal was made, Russia suffered an expected setback. Soviet Delegate Andrei Y. Vishinsky rose at the opening of the U. N. Assembly's 60-nation Political Committee session with a demand that Red China and North Korea be invited to take part in the committee debate.

The committee voted him down, 24-14 on China and 24-18 on North Korea.

Vishinsky made it clear that he would not complicate this session by moving for the seating of the Peiping regime as a member of the United Nations. He said he would make a formal move to do this at the fall Assembly session which opens Sept. 15.

Britain and France got quickly into the fight over composition of the Korean peace conference with declarations favoring a broader representation than the United States advocates. They did not comment directly, however, on the new Soviet proposal.

British Minister of State Selwyn Lloyd said Britain "does not wish to perpetuate this concept of two sides, to have the peace conference as a king of political Panmunjom."

He specifically urged the inclusion of India.

Maurice Schumann, French foreign undersecretary of state, said his country proposed that "all those who can usefully participate in the negotiations should, in all good logic, be invited."

He said the conference should not consist of two opposing camps confronting one another.

If the Korean question is first settled, other Far Eastern questions, including that of Indochina, could be discussed, he said.

The votes on the proposal to include Communist China and North Korea in committee debate followed a warning by Vishinsky that "no solution is possible in their absence."

Sanders Gains His Freedom

Nickeladorf, Austria (AP)—Silver-haired Edgar Sanders, jailed by Red Hungarians for more than three years on false spy charges, crossed the Iron Curtain to freedom today.

The British businessman walked to freedom along the same path taken by American businessman Robert A. Vogel, who also was imprisoned on trumped up espionage charges.

Sanders was pardoned yesterday by the Hungarian President and expelled from the country. A British Foreign Office spokesman said Sanders would stay in Vienna as long as he wished or the state of his health demanded.

The British announced that Sanders' release would permit Britain to lift its embargo on trade with Communist Hungary.

Vicenzo Sciotta, an Italian pardoned along with Sanders, made the trip to the border with the Englishman.

Doug McKay Visits Capitol

Secretary of the Interior Douglas McKay was a surprise visitor in the state capitol Tuesday. The former governor of Oregon spent considerable time with Governor Paul L. Patterson but said the visit was "only social."

The secretary and Mrs. McKay are spending a brief vacation at their beach home at Neukowin after which McKay will go to San Francisco to make a talk. He then will return to his office in Washington, D. C.

McKay came west to attend the recent governors' conference in Seattle, where he made a talk and visited with his many friends attending the conference.

Search Made for Red Cross Director

Linn Smith was appointed chairman of the committee to make recommendations as to who should replace Frank M. Parcher as manager of the Marion county chapter of the Red Cross.

Parcher resigned, effective September 1, in order to accept a position with the civilian defense organization.

The board will meet later in the week to hear recommendations of the committee.

Russia Challenges U.S. Peace Plan

By MAX HARBELSON

United Nations, N. Y. (AP)—Russia proposed Tuesday that the Korean peace conference be made up of five so-called neutrals and six of the countries which fought in Korea. This challenged the U. S. concept of the conference.

The United States insists that the conference be limited to countries which actually fought in the conflict, with Russia a possible exception. The U. S. position is that Russia can take part—if the Chinese Reds and North Koreans want them.

The Soviet proposal called for participation of the United States, Britain, France, Russia, Red China, India, Poland, Sweden, Burma, North Korea and South Korea.

Before the proposal was made, Russia suffered an expected setback. Soviet Delegate Andrei Y. Vishinsky rose at the opening of the U. N. Assembly's 60-nation Political Committee session with a demand that Red China and North Korea be invited to take part in the committee debate.

The committee voted him down, 24-14 on China and 24-18 on North Korea.

Vishinsky made it clear that he would not complicate this session by moving for the seating of the Peiping regime as a member of the United Nations. He said he would make a formal move to do this at the fall Assembly session which opens Sept. 15.

Britain and France got quickly into the fight over composition of the Korean peace conference with declarations favoring a broader representation than the United States advocates. They did not comment directly, however, on the new Soviet proposal.

British Minister of State Selwyn Lloyd said Britain "does not wish to perpetuate this concept of two sides, to have the peace conference as a king of political Panmunjom."

He specifically urged the inclusion of India.

Maurice Schumann, French foreign undersecretary of state, said his country proposed that "all those who can usefully participate in the negotiations should, in all good logic, be invited."

He said the conference should not consist of two opposing camps confronting one another.

If the Korean question is first settled, other Far Eastern questions, including that of Indochina, could be discussed, he said.

The votes on the proposal to include Communist China and North Korea in committee debate followed a warning by Vishinsky that "no solution is possible in their absence."

Strikers Dely French Gov't

Paris (AP)—Nearly 2,000,000 French workers defied a "back to work" ultimatum today and the government, fearing violence, massed tanks, paratroops, infantry and anti-air police in the Paris area.

Premier Joseph Laniel demanded in a surprise national broadcast last night that the strikers who have crippled communications, utilities, mines and factories all over the country for 17 days return to work today.

He implied a threat to use force, and hinted he would jail strike leaders and workers who failed to heed official regulations to go back to their jobs. Services Are Crippled

But the workers stayed out, and the government feared that if it resorted to force, the Communists would call a general nation-wide strike and send members of unions they control into the streets of Paris and other big cities for riots.

Reds Purged GIs Who Beat 'Progressives'

Freedom Village, Korea (AP)—At least 20 Americans were "purged" from the Reds' repatriation roster because the Chinese thought they had beaten other POWs who cooperated with the Communists, three returned soldiers said today.

"Some of the progressives were slugged one night," said Sgt. Edwin W. Erickson Jr., Somerville, Mass. "After that, there was more or less a purge of those the Chinese thought were responsible."

"At least 20 were pulled out of Company 4 Erickson's company in Camp 1 on July 15. We never saw them again."

President Calls for Drought Conference

Denver (AP)—President Eisenhower today called a conference here Thursday of Agriculture Department officials, farm organization leaders and state drought relief chairmen from eight Southwestern states to review the federal drought relief program and plan for the future.

States to be present at the conference included Texas, Oklahoma, Colorado, New Mexico, Kansas, Arkansas, Missouri and Nevada.

Temperature Rise, 90 Seen Tomorrow

Temperatures were warming up again Tuesday for valley regions with little change expected through the week-end. A maximum of 90 or better is due Wednesday.

The five-day forecast calls for mostly fair weather and warm temperatures with some cooling at end of period, but with little or no rain in sight.

Fire danger continues high over Oregon due to the continuing warm weather and lack of rainfall.

The Monday maximum temperature in Salem was 84 degrees and the Tuesday morning minimum, 52 degrees.

Weather Details

Maximum yesterday, 84; minimum today, 52. Total 24-hour precipitation: 0.1 for month; 20; normal, 18. Season precipitation, 61.6; normal, 18.6. River levels, -2.5 feet. (Report by U.S. Weather Bureau.)
