Most of the cockroaches that are pests in America have immigrated from other countries.

"Salem people do not realize what they have here in Salem, because if everyone knew what a wonderful dinner you people put on for \$1.25, this place would be full to overflowing. Wish we had this down in L. A." Well, I think the lady is right. We actually figured it out and it is cheaper to eat dinner at the Marion than it is to eat at home. Besides that, fellows, you get hot dinner rolls every night (homemade). Yes, we make all of our own pies, cakes, breads, etc. Very popular are our individual berry pies, just like Mother used to try to make. I hope you will not think I'm going nuts over this \$1.25 dinner, but I am so enthused about it I just bubble over, especially when anyone mentions it—like this lady from L. A.
