Radio-Television  
By DAVE BLACKMER

Tele-Views received a beautiful cake the other day from Public Relations Director Jan Webster of KPTV as promotion gimic for new Sunday afternoon television show, "Wedding Bells."

Cake decorated with the latest in cake styling and was really good as the "gang" at the office ate it with the morning coffee.

On "Wedding Bells" last week the master of ceremonies failed to ask one of the girls what her fiance did for a living after asking everyone else. Seems the young lady's man is a disc jockey for a Portland radio station. . . . KPTV man didn't want to mention radio on TV so left that question out. . . . Next day disc jockey tells his musical fans to phone KPTV and raise Cain. . . . Result KPTV flooded with phone calls all day Monday.

CBS television is going all out in securing new talent for their network come this fall. In adding Red Skelton and Herb Shriner to their list of talent, CBS is busy promoting same.

Tele-Views received a package from CBS with a couple packs of cigarettes in it. The kind that Herb Shriner recommends to his "Two For the Money" audience.

### Lebanon Curbs To Be Moved

Lebanon — To provide safety for pedestrians and auto traffic, work has been started on curb improvement at the post office, Councilman Robert Heimerdinger reports this week. He is chairman of the health and safety committee which initiated the improvement.

Mountain States Power company has moved the fire hydrant eastward across the sidewalk, and the curb line of the west side will be moved back against the sidewalk. Parallel parking will replace the present diagonal custom as soon as signs can be erected.

The dirt curbing on the south side of the post office will be removed and the narrow strip paved. Cars will then park against the sidewalk as a result of widening of the street.

Planned is 10-minute parking meters on the south side of the building.

### Dayton PW On Way Home

When the transport Gen. Nelson M. Walker docks in San Francisco Sunday a serviceman from this area who has been a prisoner of the communists since November 29, 1950, will be aboard.

The returning prisoner, Cpl. Edward E. Clevenger, Route 1, Box 204-A, Dayton, will not have to wait until he arrives home to see his family either, for on hand to meet him will be his father, Ed Clevenger, of the Dayton address and other relatives.

Clevenger, who enlisted in the army in October, 1949, was returned to UN control at Panmunjom, Korea, August 6. At the time he was captured by the Reds he was serving with the medical corps as a member of the 35th infantry regiment of the 25th infantry division of the Eighth army.

One other Oregon man, who was released the same day as Clevenger, will also arrive on the Gen. Nelson M. Walker. He is Pfc. Melvin J. Tuom of Route 2, Clatskanie.

Tuom, who re-enlisted in the army in 1949, was a veteran of World War II and was wounded in Germany two weeks before the end of the war there. He also was wounded and hospitalized in Korea early in the fighting. He was taken prisoner after being returned to action.

### Burglars Strip Till at Albany

Albany—Burglars broke into an Albany grocery store and stripped the cash register of \$15 in change some time Tuesday night, but an attempt to gain admittance into a hardware store went awry when a door resisted several blows from a heavy instrument, city police revealed today.

Robbed of \$15 was the Market Basket grocery, 1640 Broadway. The burglary was discovered at 7:45 a.m., Wednesday by John Blaylock, the owner of the store. Glass in the back door of the Whitaker Hardware store, 324 S. Main St., also was broken, but the burglars lacked the key necessary to unlock the door. The attempted hardware store burglary was discovered by city police at 3:20 a.m.

### City to Build Lift To Carry Sewage

Construction of a small lift and pump on South Church street near the mill stream will mark the last step in diverting Salem's sewage from the Willamette river to the city's new sewage disposal plant, City Manager J. L. Franzen has announced. The area to be served is now serviced by old sewage pipes and is the only area from sewage now goes into the river. The work on the lift is scheduled to begin in the fall, only clearing work having been accomplished to date. Franzen said several similar lifts might be built in other sections of the city later.
