That "crazy man crazy" Spike Jones is bringing his crew of City Slickers to Salem Monday night at the Capitol Theater, what a time that will be

Spike's backbround is a colorful one filled with high-lights from the world of show biz . . . Jones' success in his style of entertainment is a fine example of the American free enterprise.

Spike Jones is a phenomenon of show business. Ten years ago he skyrocketed to

fame with his novelty re-cording, "Der Fuchrer's Face." At that time wise-acres called him a "flash in the pan." He has made theatrical history with his "Musical Depreciation Re-Austral Depreciation Re-vues" and is now producing an entirely new show titled "SPIKE JONES' MUSICAL INSANITIES OF 1954." Spike is a top-selling recording artist as well as a television, motion picture and radio star.

The son of Lindley Mur-ray Jones and Ada Armstrong Jones, a school teacher, Spike was born in Long Beach, Calif. The family moved to Imperial Valley when Spike's father was transferred by the railroad

company. Living close to the tracks, the railroad spikes were inspiration for the nickname given the lanky boy.

Having played drums in the grammar school orchestra Spike continued with the school band when he entered Long Beach Polytechnic High School on the family's return there.

In 1942, Spike organized a group to play novelty tunes, more for their own amusement than anything else. An official of RCA Victor heard them, sent some recordings East, and they were signed to a contract. Their first few records, which included "Red Wing," "Pass the Biscuits, Mirandy" and "Siam" were received with little enthusi-asm. The record-buying public didn't seem to understand that the boys were kidding. It wasn't until the release of "Der Fucher". Face," when they used their errenkie of "Der Fuchrer's Face," when they used their graphic sound effects on the object of world-wide derision, Adolf Hitler, that the public realized what they were all about.

"Der Fuchrer's Face" was released in September, 1942. It came out on a Saturday. By Monday Spike was signed to play in the Warner Bros. picture, "Thank Your Lucky Stars." On Tuesday he signed a radio contract with NBC. He appeared as a guest on the Bob Burns' Show on Wednesday. On Friday he signed a wonderful new record-ing contract with RCA Victor, since the sale of the record had already passed the million mark. By Sunday, says Spike, they had to chain him to keep his feet on the ground. It was at this time that the prediction was made that he would prove a "flash in the pan."

In June of 1953 he launched his brand new show-"MUSICAL INSANITIES OF 1954"--which had its world premiere at the fabulous Flamingo in Las Vegas, Nevada.

A few months ago Spike organized another band-totally apart from his famous City Slicker group-that also records for RCA Victor. This band is called "SPIKE JONES AND HIS COUNTRY COUSINS" and slants its records toward "pop," hillbilly and "straight" numbers favored in the juke-boxes of the country. However, he till relate and records for RCA Victor with his inte still retains and records for RCA Victor with his inter-nationally known CITY SLICKER band.

So, Spike is coming to Salem Monday with his bag full of jokes and crazy procedures to make the world laugh and forget their troubles . . . And if anyone can do it, I'm sure Spike can.
