Soap or Detergent? Facts you can trust—from Rinso

These helpful directions explain for the first time which to use for every job. Presented by Rinso, the only brand to offer you both—wonderful Rinso Soap and sensational new Rinso Detergent.

BLANKETS: Use the Soap. Blankets shouldn't stay in your washer more than a minute; agitation while wet shrinks them. Rinso Soap removes a lot of dirt fast—and leaves your blankets soft and fluffy! Yet you now pay about 5¢ less for it than for detergents.

CURTAINS: Use either. As long as you make plenty of suds, either product will do a beautiful job of washing your curtains. Both Rinso Soap and Rinso Detergent get curtains dazzling white—for an interesting reason. Both Rinsos contain SOLIUM.

DIAPERS: Use the Soap. One sure way to be careful of baby's tender skin is to use only soap for washing diapers and all baby clothes. The mild, gentle soap in Rinso Soap leaves diapers extra soft and non-irritating. The SOLIUM leaves them white as snow!

DISHES, GLASSWARE: Use Detergent. Everybody knows detergents do a better job on your dishes than soap. But this new Rinso Detergent does even more—it washes up to twice as many dishes as the most popular detergent, and is wonderfully gentle to your hands.

DRESSES: Use either. Your white dresses look whiter than new, print dresses brighter than new, washed in Rinso Soap or Rinso Detergent—thanks to the SOLIUM. Rinso's rich suds remove dirt so efficiently that most stains need hardly any pre-scrubbing.

LINOLEUM: Use the Detergent. If the linoleum is really dirty, use a detergent to get it clean before you wax. Rinso Detergent suds are particularly good for removing greasy or sticky stains from your kitchen linoleum. Use as little water as possible.

WORK CLOTHES: Use either. Choose either Rinso for doing work clothes. Rinso Detergent is exceptionally good in hard water, and you don't have to rinse unless you want to. Rinso Soap gets out slightly more dirt, and you now pay about 5¢ less for the Soap.

SHIRTS: Use either. Your husband's shirts will turn out gloriously clean and white, washed with Rinso Soap or new Rinso Detergent. We guarantee he'll be delighted. The SOLIUM in these two extraordinary Rinsos will give him the whitest shirts ever.

SYNTHETIC FABRICS: Use either. You can safely wash almost any fabric in Rinso Soap or Rinso Detergent—Not only your cottons, but also the new synthetic fabrics. They'll all be perfectly at home in gentle, thorough-cleansing Rinso.

TOWELS: Use either. Your white towels will be whiter than new—and wonderfully fluffy—if you wash them in either the Soap or the Detergent. Why? Because both Rinsos are perfect beavers for getting out dirt. What's more, both Rinsos contain SOLIUM.

WOOL SWEATERS & SOCKS: Use Soap. If you want your wool sweaters and socks to stay soft, wash them in soap suds. Home economists will tell you that washing with Rinso Soap removes less of the natural oil from the wool, and this helps keep it soft and fluffy.

SHEETS: Use either. The truth is that either the Soap or the Detergent will do your sheets to perfection. Both Rinsos contain SOLIUM, to leave your sheets white as can be. And both leave sheets so soft and smooth, you only have to iron the top quarter.

SAVE at least 5¢ ON SOAP!

Only one name to remember—RINSO

TODAY you need remember only one magic name for the finest of soaps and the best of detergents—Rinso! It's all so simple and easy. Your grocer now has Rinso in both forms—soap and detergent.
