Radio-Television
By DAVE BLACKMER

Via a long distance phone call late Monday afternoon to Joseph Brenner, vice-president Westways Broadcasting company, which is licensee Salem television channel 24.

The KPIC spokesman assured Tele-Views that they were making final "clearances" with Lawrence Harvey, president of the firm.

Brenner continued, "We haven't seen very much of him since his return from Europe. A few meetings have been held with many more on the agenda before the ground breaking ceremonies will take place."

Once again Brenner assured Tele-Views that it would be "next week" before he could get things down pat to start construction at the tower site in the Silverton Hills.

In view of the present delay, Tele-Views believes that the ground breaking and actual construction will begin around September 14-15. The National Association of Radio and Television Broadcasters is having a Northwest meeting in Seattle on September 14-15. Brenner expressed interest in attending this meeting, so the veep could tie in all duties in a single trip to the Northwest.

Boy Unconscious Following Mishap

Lebanon—Monty L. Meier, 9, was still unconscious Monday afternoon in the community hospital, 93 hours after being struck by a car while crossing the highway near his home north of the city.

The deaf boy was hit when he darted into the path of a car driven by Lloyd A. Johnson, 1839 West 16th street, Albany, who, according to witnesses in a nearby field, estimated his rate of speed at 35 miles per hour. Johnson was pulling a trailer loaded with wood and the rear vehicle jack-

knifed when he applied the brakes in an effort to avoid the child.

The boy is the son of Mr. and Mrs. Willie H. Meier who live near Gore school. The attending physician reported Monday that the boy showed some improvement but that his injuries are serious.
