

Local Paragraphs

Building Permits — Virgil Babcock to alter a one-story dwelling, 415 Tryon street, \$500. Free Methodist church to alter a one-story church, 2030 North Winter street, \$400. Jerry Hauge, to reroof a two-story dwelling, 1775 Fir street, \$145. Gerald G. Gaiser, to alter a one-story dwelling, 843 North 17th street, \$350. Roy Hunziker, to alter a one-story dwelling and garage, 1330 North 23rd street, \$300.

Roy H. Pease, to alter a one-story dwelling, 1735 Baker street, \$2500. Mary Mann, to repair a one and one-half story dwelling, 1598 Mission street, \$50.

Bids on Bonds — Considerable interest in financial circles is being evinced in Tuesday night's session of the Salem school board. Opening of bids on a sale of \$2,000,000 worth of bonds is slated for 7:30 and Clerk C. C. Ward reports bond houses will submit a number of tenders. It is probable a high rate of interest will be charged, although this will not be known until the bids are opened. The district had previously sold \$1,500,000 of bonds with which to finance construction of the South Salem high school. The voters authorized a total issue of \$4,280,000.

First Aid Called — First aid was called to the Oregon Pulp and Paper company at 10:25 this morning to treat a fractured foot of Jack Ledbetter, 35 Ledbetter was injured when a log struck him near a ramp. He was taken to Memorial hospital.

Find Error

Roy Mills, secretary asked for instructions concerning two cars used by the board in making collections for care of patients at the state institutions. A previous board had exempted these two cars on the grounds that if the cars were not identified as state-owned, collections could be made more readily.

Unander Objects — State Treasurer Sig Unander, who has been waging a campaign to have all state-owned cars plainly marked as such, objected to exempting these or any other cars. "Let the men park their cars a block away and walk to the home of the relative of the patients," suggested Unander.

Harry Dorman, director of finance, told the board that there were no exemptions in the law on marking state-owned cars, although some exemptions had been made previously, especially in the case of investigators for the state liquor commission.

"If that is the law," Governor Paul L. Patterson said, "there is nothing we can do but follow the law. We're not the legislature."

On suggestion of Secretary of State Earl T. Newbry, the matter was postponed for a week, in order that members of the board could check on the law.

Authority was granted for payment of one-half of the 1953 flax crop, estimated at 2400 tons. The contract price for the 1953 flax is \$60 a ton for first grade flax.

But before authorizing payment, discussion centered upon the financial difficulties of the penitentiary, caused by using profits in the past in meeting capital outlays.

The state emergency board refused to assist the board by authorizing some transfers of about \$9,000. Sale of canned goods to state institutions to fill a six-months or year's requirement, with the institutions paying for such canned goods at once and allowing the goods to be stored in the penitentiary until needed, was thought the best means of obtaining the money required. The method was approved by the board.

The penitentiary has an inventory of about \$61,000 in canned goods on hand now, it was stated.

200 BODIES OF VETS — The steamer Massillon Victory arrived Tuesday with the bodies of approximately 200 Americans who lost their lives in Korea. The vessel docked at the Oakland Army Base.

Buildings Burn At Silverton

Silverton — George's Place and the Johnson confectionery, 105-107 North Water street, Silverton, and all contents are a complete loss from fire that started around 3 o'clock Tuesday morning in the rear of the Johnson Confectionery, and spread rapidly to the adjacent building occupied by George's cafe and tavern.

The two wooden buildings were between the R. A. Fish Apartments and the Olsen Pharmacy, both protected by brick walls and neither damaged. The buildings were constructed in the early '80s.

William Robbins was proprietor of the confectionery business and Mr. and Mrs. Vic Holman of George's Place. Both managers had assumed proprietorship less than one year ago.

Mrs. Bertha Morley owned the confectionery building and Mrs. Arthur Nelson, George's Place.

Mrs. Morley inherited her property from members of her pioneer family. For the past several years, the property had housed confectionery businesses owned by Mr. and Mrs. Clifton Dickerson.

A. F. Simeral, father of Mrs. Arthur Nelson, opened the building as a shoe shop, and was succeeded by George Manolis who ran the place for many years under lease from Mrs. Nelson.

Hoyt Slams at Police Judges

Boston (AP) — Palmer Hoyt, editor and publisher of the Denver Post, said Tuesday that "tobacco justice" and "dime-store tyrants" administering police and traffic courts are at the heart of the traffic problem in the United States.

400 More GIs Arrive on Sunday

San Francisco (AP) — About 400 more Americans freed from prisoner of war camps in North Korea will reach San Francisco Saturday aboard the transport Gen. William F. Hase.

The port of embarkation said the big ship is expected to dock about 8 a.m. PST at Fort Mason.

21 Horses Injured By Atomic Blast

Albuquerque (AP) — The Atomic Energy Commission said today it had found radiation injuries on 21 horses owned by stockmen near the Nevada A-bomb proving ground.

But it denied a number of cattle belonging to one of those stockmen had died from such injuries and suggested "forage and water conditions were generally poor in the area this year and malnutrition could have contributed to the deaths of some."

For Sale and Rent, adult walkers, hospital beds. Light weight, narrow upholstered folding chairs. Max O. Buren, phone 37775. 745 Court Street. 202*

Fourth Death in Dayton Auto Crash

Portland (AP) — Henry C. Morehead, 39, of Dayton, Ore., died in a hospital here early Tuesday, boosting to four the death toll in a Sunday night highway accident near Dayton.

Four deaths from one mishap were believed to set a record for Yamhill county. Killed outright in the accident were Mrs. Roy Ashmon and Willis Hall, both McMinnville. Mrs. Hall died later.

Morehead was a construction worker.

COURT NEWS

Circuit Court
Vivian E. Annon and State of Oregon vs. Earl J. Annon. Order returning defendant to appear in court Sept. 8 and show reason why he should not be adjudged guilty of conspiracy for failure to comply with previous decrees.

Charles Theodore Rivers, 44, laborer, Silverton, and Pearl Hurd, 44, house work, Springfield.

Aspirin Fatal To Salem Girl

Aspirin taken Saturday afternoon by a 18-month Salem girl, Suzanne Shipman, proved fatal Monday at 1:30 a.m.

It is thought that the child, daughter of Mr. and Mrs. Delbert C. Shipman of 1650 South High street, with her two and a half year old sister, got the aspirin bottle which had from 15 to 20 aspirins in it. It could not be determined whether the older child took any aspirin or not, but she suffered no ill effect.

Members of the family did not discover that the little girl had taken the aspirin until she became ill Saturday night and was noticed to be breathing rapidly and seemed excited.

She was immediately placed under a doctor's care and Sunday was taken to the hospital. The discovery that she had taken the aspirin, however, came too late for the removal of the pills and a poisonous reaction set in, which caused her death.

Survivors besides the parents are two sisters, Christine and Kay Shipman of Salem; three brothers, Randall, David and James Shipman of Salem; a grandfather, John Geisler of Dayton; and a great grandmother, Katherine Geisler of Mt. Vernon, Oregon.

Services will be held at the Clough-Barrick chapel Wednesday, August 26, at 1:30 p.m. with Rev. Edward F. Harmon of Ashland officiating. Interment will be in Belcrest Memorial park.

Said to Prefer

Communist prisoners delivered by the U. N. Command continued their violent demonstrations. Their return was interrupted three times when North Koreans spat in the faces of two Allied officers.

Besides the 136 Americans, the Reds Tuesday handed over 250 South Koreans, 8 Canadians, 3 Australians, 2 Dutch and 1 Greek.

The return of the Dutch soldiers was a surprise. The Reds had claimed they didn't hold any prisoners of that nationality. Delivery of eight Canadians raised to 24 the number returned, six more than the Communists had said they would give back.

Freedom

passionately to be critical of the price.

"If this indifference to traditional values should spread to us, it would be the greatest threat to our liberties."

The justice spoke to the Bar Association's annual dinner for the judiciary, concluding the first day's activities of the organization's 75th anniversary convention.

Communicable Diseases — But nine instances of communicable and reportable diseases were registered with the Marion County Department of Health during the weekly period ending August 22. The list included one case of dog bite. Other instances included three virus pneumonia and 1 each of measles, mumps, bronch pneumonia, scabies and whooping cough. Seventy one of the county's available physicians, reported.

Ask UN Ignore Bean Pickers

(Continued from Page 1)

Among those lining up behind Britain and her commonwealth partners for the inclusion of India were Iraq, Ehiopia, Mexico, and Syria. The Communist bloc also favors India.

Pyun and Col. Ben Limb, South Korea's permanent observer at the U.N., declared Monday night:

"The Republic of Korea finds it impossible to collaborate with India on the same side."

The United States will oppose an Asian-Arab demand for consideration of the Moroccan situation by the U.N. Security Council, a spokesman said Tuesday.

This virtually dooms the proposal to defeat. Britain and France already are known to be against consideration of the question and one or two other members are expected to vote in the negative or abstain. Seven affirmative votes are required to put the question on the 11-nation council's agenda.

The council meets Wednesday afternoon.

The giant squid, a carnivorous sea animal may weigh up to 30 tons and is something like an octopus, although it has ten arms instead of eight.

Iran's Capital

(Continued from Page 1)

other five brought flowers to Police Chief Mohammed Dafari, promised him their support and were received by the shah.

Soon after, the shops reopened. Despite the protection of hundreds of armed soldiers, however, little business was transacted.

The government also was reported to have raided centers of the outlawed Communist Tudeh party, seizing stamps labeled "Iranian Republic" and vast quantities of Red propaganda.

Meet Thursday — Salem Geological Society will hold its next lecture meeting Thursday, August 27 at 8 p.m. in Collins hall on the Willamette campus, with the public invited to attend. Dr. Herbert L. Hergert of the forestry department of Oregon State College will talk on "Plant succession in relation to the geology of the Western Cascades."

Rotarian at Marion — The Salem Rotary club will meet for their weekly luncheon program at the Marion Wednesday noon. Dr. Carl VanSandt, noted lecturer and concert pianist will be heard.

Salem Stop by West Coast Sought by City

A scheduled daily stop in Salem by West Coast airlines will be requested in an application to be filed by the city of Salem with the Civil Aeronautics Board in Washington, D.C.

A resolution directing the city manager and city attorney to prepare the application was adopted by unanimous vote of the city council Monday night.

Mayor Al Loucks said that numerous letter had been received by the city by people on the coast and in Southern Oregon urging that steps be taken to make it possible for them to fly directly to Salem.

At present these persons must either fly to Corvallis and get to Salem by bus or go to Portland and return to Salem.

City Manager J. L. Franzen told the council that if the scheduled stop is authorized it would aid the city in having operation of its control tower resumed.

On request of Alderman Dave O'Hara the council adopted a resolution asking the state highway commission for a study of the feasibility of acquiring an easement or right-of-way across the triangle at Capital street and Fairgrounds road in order to permit left turns from Capital

street into Fairgrounds road. O'Hara said that at present many motorists who wish to conduct business with merchants on Fairgrounds road are required to make a long detour in order to reach the stores on the road.

Another proposal sent to the highway commission calls for consideration of installation of blinker lights or some other traffic safety signal on the Pacific highway at Storis avenue.

O'Hara said the residents of the area find it hazardous to get on the highway which is their only access into town.

The Capital Shopping Center merchants asked the city council to consider an additional traffic lane on Marion street just east of North Capital street. The merchants also asked that signs be erected indicating a right turn into Capital is permitted after a stop is made for a red light. The request was referred to the city's traffic safety committee.

Considerable discussion took place over an application of Roy M. Lockenour for a permit to construct a 40x60 foot building at 144 South 13th street without providing for off-street parking as required in the new building code not yet adopted by the city council.

The permit had been recommended to the council by the city planning commission which reported that the lot was too small to provide for any parking facilities. Lockenour told the council that denial of the permit would hurt him financially and that he had already lost two prospective clients because of the delay on his application.

Councilman Chester Chase, in whose ward the property is located, objected to granting of the permit, pointing out that directly across the street from the Lockenour property were two other pieces of property of about the same size.

"If this permit is granted it will set a precedent," Chase said. "Doubtless there are many other small lots in the city zoned for business and with one variation made in the new code, applications for additional exemptions will flood this council chamber."

At the suggestion of Mayor Loucks action on the application was postponed for two weeks.
