Night Ferry In Prospect

Night operation of the Buena Vista ferry for the convenience of hop growers and harvest hands during the next few weeks is in prospect. The matter was discussed briefly during Friday's session of the Marion county court.

The Wheatland ferry usually operates a portion of each night during the harvest season, with those who use the conveyance agreeing to pay the operator time and a half while he is on duty.

County Judge C. F. Hayes of Polk county inquired concerning the possibility of installing higher poles at Buena Vista. The cable which controls the ferry is said to have considerable sag, endangering navigation. The government dredge is reported as being barely able to clear the cable.

Bungling Yeggs Fail to Open Safe

Clinton, N. J. (AP)—Two bungling burglars with more brains than brains tried to break open the First National Bank night deposit safe early Friday but fled after dismal failure.

The greenhorn yeggmens used sledge hammers in their noisy attempt in the heart of Clinton on busy Route 22.

While one man pounded in vain on the night deposit safe outside the bank, the other broke open a rear window, entered the bank, and banged away on the safe from inside.

Earl McClintock Jr., who lives in an apartment upstairs, called state police. Just before two troopers arrived, McClintock saw two men drive away. To top it all, J. C. Dalrymple, cashier, said the night deposit safe was empty.

Turner Thief Misses \$50 In Burglary

Turner—A careless thief, believed to have been an escaped trustee from the prison farm, overlooked \$50 when he burglarized the Albert Robertson home Monday night.

The intruder entered the home sometime Monday night during the family's absence, took a wallet containing \$60 and a shirt, jacket and pair of trousers belonging to Mr. Robertson.

Later the wallet was found in the woodshed with \$16 missing. The \$34 concealed in a secret compartment was intact. Clothing bearing prison number was found nearby.

Prisoners have said many of their comrades were sentenced on such phony charges as "instigating against the peace" and others were forced to confess they had waged germ warfare. The United Nations command has dismissed the Red germ warfare charges as propaganda.

Boyd said he knew of 20 to 25 men now at nearby Kaesong, where prisoners are assembled for exchange, whose sentences ran as high as 15 years.

"Everything indicates they will be repatriated," he said. Among those returned Friday were Americans captured early in the war. Some said they had been beaten and tortured almost until the truce July 27.

FUGITIVE COMMUNIST LEADER ARRESTED

San Francisco, Aug. 28—Two unidentified FBI agents talk with handcuffed Sidney Steinberg in the U. S. Marshall's office here last night. Steinberg and Robert G. Thompson were arrested by the FBI when they located them in a Sierra Mountain hideout near Sonora, Calif. The FBI said Steinberg has been evading arrest in the Communist "underground" since June 20, 1951, when 21 Communist party leaders were indicted in New York City for violation of the Smith Act. Thompson was one of 11 Communist leaders convicted on Oct. 14, 1949, for violation of the Smith Act. (AP Wirephoto.)

Top Commie Group Trapped in Sierras

San Francisco (AP)—Two fugitive communist party leaders were clapped behind bars today after unshaved FBI agents disguised as campers surrounded and trapped them in a remote mountain hideout in the High Sierras.

Four other persons were arrested for harboring fugitives, and the federal agents, reluctant to discuss how the trap was laid, said "We've got five other Reds to track down."

The top communist party leaders, wanted on charges of plotting to overthrow the government, were disguised with dyed hair, mustaches and crew cuts when the FBI surrounded the well appointed, comfortable cabin near Sonora, Calif., yesterday.

Held at Alcatraz
Robert G. Thompson, 38, one of the top 11 American Reds concealed underground by the party since his conviction on Smith act charges four years ago, was held in Alcatraz Prison.

Sidney Steinberg, also 38, a second string Red leader who had been evading arrest since June, 1951, when 21 communist organizers were indicted for conspiracy, was in San Francisco County Jail.

Three other persons, charged with harboring the two fugitives in a cabin two miles north of the California summer resort of Twain Harte, were in jail with Steinberg.

Steel Erection

(Continued from Page 1)

To eliminate any cross traffic on the Pacific highway one-way traffic will be instituted. To accomplish this a new south-bound road is being constructed by Roy L. Houck of Salem.

Under plans of the highway department north bound traffic only will be carried on the present Pacific highway for a half-mile stretch beginning just north of Hubbard.

An overhead road located about 100 feet south of the railroad overhead on the present concrete road leading to the Wilsonville ferry, to carry south bound Pacific Highway traffic over this road is under construction by Birkemeier and Saremal, bridge contractors.

An interchange structure to allow traffic on and off the new Salem-Portland expressway from the Wilsonville-Oswego county road will be constructed at a point about one mile south of the Willamette river.

Bids for grading the first unit of the southern portion of the Salem-Portland expressway will be received by the highway commission at its next meeting, and the remainder of the road from Gervais to Hayesville will be contracted at the January meeting.

The entire \$11,000,000 expressway is expected to be completed and open to traffic in the fall of 1955.

The Salem by-pass is expected to be completed in the fall of next year. When completed traffic will be able to enter the by-pass or leave it at only four locations, Hayesville, the northern entrance to the by-pass; Garden Valley road (Market street); at the point where the new North Santiam highway enters Salem and at Battle Creek, the extreme southern end of the by-pass.

CARD OF THANKS
We wish to express our heartfelt thanks to all who extended comforting sympathy and help in our recent sorrow; for the beautiful floral offerings, and other kindness, we are grateful.

Norblad's Protest
"You will recall that all of the services were under criticism during the last session of congress for having promoted its officer personnel into the general rank to the point where we now have the average of three or four times as many generals per man as we had at the height of World War II."

"The services indicated to our committee armed services and to the congress that they would not make such wholesale promotions in the future, but this is the first indication to me that this policy is not being followed, at least by your service."

Sentenced—Don Coleman, Wishram, Washington, was fined \$10 and sentenced to 10 days in the county jail Thursday in Woodburn justice court on a charge of petty larceny. He was charged with the theft of 29 ears of corn from the cornfield of George Grimts, Hubbard, on Wednesday. Four companions of Coleman were given 5-day suspended sentences earlier in the day in Marion county district court.

Fugitive Red Grants Pass Boy

Portland (AP)—Robert George Thompson, fugitive communist nabbed by the FBI in California Thursday, was born at Grants Pass and was educated in Portland schools.

He left here in 1933, the year he is thought to have joined the communist party.

Since then he spent a year in Russia, fought in the Spanish Civil War, was active in the Young Communist League in Ohio and New York, and was in 1945 a member of the national board of the communist party.

He won the Distinguished Service Cross in action on New Guinea with the U. S. Army.

4 Break Jail At Vancouver

Vancouver, Wash. (AP)—Four prisoners escaped from the Clark county jail, located on the fifth floor of the courthouse building, sheriff's officers reported today.

The escapees were identified as Peter Thomas Molera, 33, Los Angeles, held on a second degree burglary charge and who was to have been arraigned today; Richard Charles Forgye, Portland, who had been sentenced to 15 years in the Washington state reformatory for burglary; Ralph Chyles, 22, Portland, who had been sentenced to 15 years in the state penitentiary for burglary, and James Richard Hull, 26, Brush Prairie, Wash., who was picked up Aug. 8 for parole violation.

The escape was discovered this morning. Officers said they believed the men escaped by first picking two locks on two separate upstairs doors which let them into the main fifth floor corridor. From there they were believed to have removed a floor cover and dropped down to a sub floor. Then, officers said, the prisoners apparently dropped into the county clerk's vault which can be opened from the inside after which they probably got out via a fire escape.

UN Assembly
(Continued from Page 1)

The assembly directed the United States to arrange the time and place of the conference after consultation with both sides. The meeting must be held by Oct. 28, under terms of the armistice agreement. Geneva appears to have the edge as the most likely site.

The announcement of India's withdrawal was made by V. K. Krishna Menon in a surprise move just after the assembly opened its morning session.

The assembly rejected Vishinsky's own plan for a 15-nation round-table conference by a vote of 5 (Soviet bloc) in favor, 42 against and 12 abstaining.

Vishinsky's plan would have given conference seats to the United States, Britain, France, Russia, Red China, India, North Korea, South Korea, Burma, Egypt, Indonesia, Mexico, Syria, Poland and Czechoslovakia.
